Introduction

–The Ruling Establishments' Suppression Of Vitamin C Against Covid-19 Coronavirus Is Not Proof Of The Vitamin's Ineffectiveness But Proof Of The Authorities' Psychopathy

"Above all it is essential to refer to things by their correct names. If things are not referred to by their correct names, then our language will not reflect reality. If our language does not reflect reality, then our actions will not reflect reality, and will be exercises in futility." (Confucius, 551-479 BC, Chinese Teacher [22])

*"[...] perhaps two of the most important **healthy** practices of all time [...] are – **always do the right thing, and help one another.**" (Jim Humble, Author, in 2016 [23])*

Approximately a year ago, near the end of June of 2020, I've read a comment in response to an article authored by, and published in, the "BMJ" (formerly known as the "British Medical Journal") [24] that caught my attention.

The BMJ, regarded by the cognoscente as one the world's most prestigious medical journals, allows the submission of "rapid responses". Those are e-letters sent in to them in response to their published works. Physicians, scientists, assorted medical experts, or erudite individuals commonly submit commentaries. If approved by the journal's "rapid response" editor(s), these letter responses get published within a certain period of time from the date of the principal works' publication.

The person whose post caught my interest elaborated on the promising **theoretical** reasons for the potentially beneficial use of vitamin C for the "new" Covid-19 coronavirus (also *misleadingly* parroted as the "China virus" or "Wuhan virus") that's putatively causing the Covid-19 malady [25]. The BMJ's piece is on the divers pharmaceutical drug treatments that are being investigated for Covid-19 (also referred to as CV-19) [24].

Upon reading that comment I immediately  thought that sound **practical-**

clinical evidence thereof already exists and that I must inform the commentary's author, the BMJ, and its voluminous readers about it due to its potentially life-saving informational merit.

So, I decided to put together my own rapid response with the important *empirical* knowledge of the value of vitamin C against the CV-19 disease and submit it.

On 5-July-2020 I sent in my commentary to the BMJ. Unfortunately, the BMJ made the decision not to publish it [26].

What follows (within starred bold brackets [***], in green color) is the exact text of my ditched BMJ rapid response:

Title: **Vitamin C For Covid-19 Backed By EMPIRICAL Evidence**

Dear Editor,

This is in response to Saeed Ahmad's commentary from 22-June-2020:

Specifically, I'm addressing his positive arguments in support of vitamin C in the treatment of Covid-19.

Apart from vitamin C's THEORETICAL potential described by Mr. Ahmad here in this BMJ rendition (and by others elsewhere [1,2]), we do have powerful EMPIRICAL evidence of the merit of proper vitamin C therapy in the fight against this new Covid-19 coronavirus.

Since February of 2020, the 'Orthomolecular Medicine News Service' (OMNS), a not-for-profit health organization, has regularly reported on vitamin C's highly beneficial CLINICAL application in moderate to severe Covid-19 patients by numerous licensed doctors and healthcare professionals in China and South Korea [2-6].

In the US several physicians, too, have used vitamin C to treat Covid-19 with excellent results [6,7]. For example, some American physicians treated nearly

Top

a hundred Covid-19 patients with vitamin C therapy (along with other nutritional supplements) and not a single patient died [8]. Some US hospital have also used vitamin C treatments against Covid-19, reporting impressive benefits [9,10]. Even a conventional allopathic US medical school strongly recommends the usage of adequate vitamin C treatment against Covid-19 [11].

However, this vital data and knowledge has been broadly suppressed by the mainstream news media, social media outlets, Google's 'YouTube' channel [3,6,12,13], and the transnational state-medical establishment (the organized medicine-government collusion syndicate, which includes, among others, the authoritative US 'Centers for Disease Control and Prevention' (CDC), the US 'National Institutes of Health' (NIH), the US 'Food and Drug Administration' (FDA), the 'Federal Trade Commission' (FTC), and the 'World Health Organization' (WHO)) [6,12,13].

Worse, licensed holistic physicians who treated many Covid-19 patients with great success are silenced and ordered by the US authorities (e.g., the FTC) to stop using vitamin C against Covid-19 because there's no "competent and reliable scientific evidence" that vitamin C (and other dietary supplements and natural medicines) is effective against Covid-19 [14].

So, the legally nailed down "justification" or "rationalization" proffered by the coercive irrational US state-medical industrial complex for its sweeping acts of vitamin C suppression is that it matters not if we DEMONSTRABLY have an inexpensive, safe and effective Covid-19 remedy because there's no available true scientific research proof thereof yet [14].

Saved or cured real-life Covid-19 patients constitute no such quality evidence per their absurd "legalized" logic. Saved lives do not count or matter first and foremost –what counts and matters first and foremost is dominant AUTHORITY-DEFINED, and not REALITY-VERIFIED, "competent and reliable scientific evidence" –EVEN during this allegedly highly precarious potentially humanity-dooming pandemic (hence, the officialdom-imposed totalitarian "emergency measures": global unprecedented lockdowns, and the strict practices of "social distancing" and mask wearing), which the WHO called "the defining global health crisis of our time" [15].

It's surreal. It's absurd Medieval inhumanity.

The French 18th century historian and philosopher Voltaire (1694-1778) once described that:

"Those who you can make you believe absurdities can make you commit atrocities."

And surely, those individuals or groups (e.g., bodies of authority) who can make you believe absurdities are the first people who can commit atrocities – and perhaps find a loyal sycophant in you to assist them in committing their atrocities.

Speaking of making you believe absurdities, do you honestly think any of these ruling authorities would follow this inhumane unconscionable precedence program if THEY had a moderate or serious case of Covid-19? But if YOU are a Covid-19 patient –EVEN A SEVERE COVID-19 PATIENT– they want YOU to obey to, comply with, and coerce you into, this absurd order of twisted priorities, blocking you from accessing this reality-backed therapeutic intervention, during this purported humanity-threatening pandemic.

Some scholars with knowledge about the research literature on vitamin C pointed out that:

"If someone tells you it's not proven, consider two things: (1) Nothing is proven to work against Covid-19, because it is a NEW virus; (2) Vitamin C has worked against EVERY SINGLE VIRUS including influenzas, pneumonia, and even poliomyelitis." ^[16] [emphasis added]

In section number 37 of the authoritative "Declaration of Helsinki" by the 'World Medical Association' (WMA) it states:

"In the treatment of an individual patient, WHERE PROVEN INTERVENTIONS DO NOT EXIST OR OTHER KNOWN INTERVENTIONS HAVE BEEN INEFFECTIVE, the physician, after seeking expert advice, with informed consent from the patient or a legally authorised representative, MAY USE AN UNPROVEN INTERVENTION IF IN THE PHYSICIAN'S JUDGEMENT IT OFFERS HOPE OF SAVING LIFE, RE-ESTABLISHING

Top

SUFFERING.” [17] [emphasis added]

This is the case with the proper application of vitamin C for Covid-19.

Considering that:

(A) nothing is proven with scientific research to work against the NOVEL Covid-19 virus,

(B) the therapeutic use of vitamin C has so far worked against “every single virus” [16],

(C) vitamin C is safe, including at massive doses, in Covid-19 therapy [2,5],

(D) vitamin C has a CLINICALLY documented high value against Covid-19 [2-6], and

(E) we're in a purportedly highly precarious potentially humanity-dooming global pandemic state,

isn't the ESTABLISHED CLINICAL-EMPIRICAL REALITY that vitamin C is SAVING MANY LIVES from the Covid-19 scourge among the very best manifestations of “competent and reliable scientific evidence” we currently have anywhere in the world?

If we're dealing with a supposedly highly critical potentially humanity-dooming global Covid-19 pandemic, as the globally aligned establishment narratives and scripts have us believe (along with their ordered universal lockdowns, and the strict measures of “social distancing” and mask wearing), why would any rational humane body of authority systematically conceal, illogically and deceptively discredit, and heartlessly withhold from patients a VERY SAFE, CHEAP, AND EFFECTIVE Covid-19 medicine as vitamin C, and – utilizing threats of large fiscal penalties (and worse)– muzzle and crack down on health professionals who have successfully applied this efficacious natural Covid-19 therapy?

Wouldn't any truly rational, psychologically healthy, humane, compassionate, ethical person –at any level of authority– welcome such an inexpensive, safe,

Top

and beneficial treatment with wide open arms in any so-called pandemic emergency? Like those aforecited doctors and other healthcare experts who diligently, swiftly, and gratefully used vitamin C therapy on their Covid-19 patients.

Common sense, ethical responsibility, and humanitarian mandate instruct that the resort to vitamin C therapy for Covid-19 by medical professionals – an act supported by the Helsinki declaration– is ESPECIALLY called for immediately during a natural disaster such as world-wide pandemic, potentially jeopardizing the lives of millions of people.

Don't these merciless suppressive efforts against vitamin C by the corporatist US government (and other governments around the globe) amount to immoral truth destruction and criminal behavior AGAINST THE NEEDS AND INTERESTS OF THE PUBLIC, reminiscent of Medieval barbarism?

CLEARLY, THIS ISN'T PRIMARILY A HUMANE MEDICAL MATTER BUT AN INHUMANE POLITICAL MATTER.

The broad and fierce suppression of vitamin C is an inexcusable negligence and is a crime against humanity by the soulless authoritarian medical authorities around the world that probably cost, unnecessarily and at a minimum, the lives of tens of thousands of Covid-19 patients.

The government authorities' mendacious coercive acts of censorship and suppression of vitamin C –resulting in the needless loss of a very large number of people– prove that the ruling powerholders are deceptive, insane, and inhumane. In short, these individuals are psychopaths –the sickest, most manipulative, most evil, most heartless and conscienceless people amongst humans. And, that the psychopathic allopathic medical establishments' quest for a treatment against Covid-19 is certainly not authentic and genuinely benevolent –but profoundly biased, both “scientifically” and politically, favoring their own markedly profitable pharmaceutical drugs and medical interventions [18,19].

Indisputably, the official quest for Covid-19 treatments is primarily an inhumane political affair.

On The BMJ's Decision To Cancel My Vitamin C-Covid Commentary

*"The institutional conception of science as a part of public domain is linked with the imperative for communication of findings. Secrecy is the antithesis of this norm; **full** and **open** communication its enactment. [...]. [...] the suppression of scientific knowledge is condemned."* (Robert K. Merton, PhD, 1910-2003, US Sociologist, in 1942 ^[27] [emphasis added])

"Denial of observable Reality is the core of insanity –the refusal to be corrected when beliefs bury Sobriety." (Peter Mann, in 2020)

I wasn't at all surprised that my BMJ e-letter did not get published. Frankly, I expected it.

For one thing, my commentary was "politically highly undesirable" to the corrupt inhumane transnational allopathic state-medical establishment (which the BMJ belongs to) ^[6,12,13,28-64,250] because of my devastating critique of their broad systematic absurd ban and suppression of the knowledge on the **practical** usefulness of vitamin C against Covid-19 respiratory disease.

Politically denied and culturally forbidden –a taboo– I rightfully dared identifying and referring to the official medical business club as psychopathic, which is the embodiment of evil or inhumaneness due to an absence of conscience ^[65-77].

Here is a quick résumé (or "CV") of what true psychopaths are:

*"The simplest, clearest and truest portrait of the psychopath is given in the titles of three seminal works on the subject: 'Without Conscience' by Robert Hare, 'The Mask of Sanity' by Hervey Cleckley, and 'Snakes in Suits' by Hare and Paul Babiak. A psychopath is exactly that: **conscienceless**. The most important thing to remember is that this is **hidden from view behind a mask of normality** that is often so convincing that even experts are deceived and, as a result, they become the '**Snakes in Suits**' that control **our world**."* (Laura Knight-Jadczyk, Editor, Writer, And Author, in 2008 ^[69] [emphasis added])

As a matter of fact, the official transnational medical establishment of psychopaths' repression of vitamin C's *empirical* knowledge against Covid-19 has been carried out in the characteristic manner of pathological psychopaths –covertly, unconscionably, inhumanely, and behind a "Mask of Sanity" or a "mask of normality" as I had delineated in my BMJ-suppressed commentary. And in this scholarly article about Covid-19 you're now reading I further substantiate with sound evidentiary material that the official transnational state-allopathic medical enterprise matrix is indeed *thoroughly* psychopathic.

In the sense that I deemed the official mainstream medical caste (i.e., the government-medical allopathy collusion complex) psychopathic (evil, conscienceless) in my BMJ-strangled digital letter, it appears I'm one of the type of people US essayist, journalist, and culture critic, H. L. Mencken, (1880-1956), described when he stated:

"The most dangerous man, to any government [especially a corporate industry-captured government, which governments are by nature or become], is the man who is able to think things out for himself, without regard to the prevailing superstitions and taboos. Almost inevitably he comes to the conclusion that the government he lives under is dishonest, insane and intolerable [...]." [78] [explanation added]

Former US President John F. Kennedy (1917–1963) warned that, "without debate, without criticism, no Administration and no country can succeed – and no republic can survive" [79].

And none other than the famous English political novelist and culture critic George Orwell (1903-1950) pointed out that:

"To write in plain, vigorous language one has to think fearlessly, and if one thinks fearlessly one cannot be politically orthodox." [80]

A disingenuous, unreal, irrational, fearful, sick populace practices the kind of "acceptable", "politically orthodox", "sanitized", restraint vocabulary –which is per Orwell "the unavoidable result of self-censorship" [80]– that defends and protects collective cultural myths, fantasies, delusions, and taboos [39,65,81-83]. Hence, a disingenuous, ethics-disabling, unreal, irrational, fearful, sick

Top

society has “unassailable” myths and taboos – “politically and culturally sensitive” themes, critique-exempt idols, and ideological domains of non-discussion (“forbidden topics”) [37,39,57,65,69,81,83-85]. Areas where your mind is *officially not supposed* to go. Arenas you're *officially not supposed* to be authentically educated in.

So, the use of language is a practical means to manage perception –a censor to control social perception. Language as a “mediator of perception” [81]. A medium to convey and create culturally sanctioned “reality” [81]. A vehicle to shut out truths, and shut in delusions (falsehoods, mendacities, myths, illusions, fake realities). An instrument of self-deception (i.e., self-propaganda, lying to oneself) –personal *and* collective self-deception (i.e., cultural self-propaganda).

Conversely, as a medium of perceptual reality (“politically incorrect”, “forbidden”) genuine language can also shut *in* truths, and shut *out* delusions (falsehoods, mendacities, myths, illusions, fake realities).

Idiosyncratic language use is, ultimately, a thermometer indicating the degree of health –or unhealth (sickness, decadence, lunacy)– of a person, a society, or the world at large.

Politically unorthodox uncensored language or truth tend to be unpleasant, combative, and harsh because they are up against formidably ugly opponents: falsehood, delusion, mendacity, and deception.

Yet, it's always right and the right time –NOW MORE THAN EVER– to call a spade a spade. To use raw, direct, uncensored, fearless, reality-verified language. Rather than use dampened, “politically orthodox”, “ideologically permissible”, “emotionally pleasant”, misleading, obfuscating, reality-sequestering, fake language that serves, wittingly or unwittingly, to delude everyone –particularly ourselves– and, thereby, keep the insane inhumane dominant status quo thriving.

“Politically incorrect” or “culturally impolite” language opens up and reveals renewed possibilities of perception. Such as accurate keen perceptions of truths and realities that are unwelcoming to the mendacious officialdom and culture –and ourselves. Authentic language provides new possibilities for

Top

realness (reality, truth), sanity, and health to broadly manifest or prosper.

Two current establishment critics and authors who are cognizant –and not in denial (akin to Henry Louis Mencken over half a century ago)– of the globally controlling psychopaths-at-the-helm and their great danger to non-ruling people anywhere proffered these insights to the public at large:

"Telling the truth is not slanderous, telling the truth is not defamatory."
(James Grundvig, in 2021 ^[60])

And...

"It is every humane [=non-psychopathic] being's URGENT responsibility to expose sociopathic [=psychopathic] agendas wherever they exist –NEVER to attack [or cancel, censor, or suppress] those who seek to do so." (Tim Foyle, in 2021 ^[77]) [explanations added]

Moreover, speaking from past personal experience with the BMJ, some time ago the famed medical journal censored a similarly "politically unorthodox" or "politically undesirable" –or rather "politically highly inconvenient"– rapid response of mine on the topic of mammography (after the BMJ *had* published numerous of my rapid responses on the same thread of discussion), in which I exposed the VESTED-INTEREST-based, evidence-BIASED foundation of the official breast cancer screening business (part of the industrial allopathic state-medical power matrix). Subsequently, I publicized my BMJ-banned mammogram commentary on my own website ^[46].

Beyond that, looking from a sociological perspective at the repressive choices made by the BMJ regarding my corporate medicine-critical posts, leading scientific-medical journals (the medical-scientific media) are an integral part of, by, and for the allopathic medical industry. Therefore, the discriminatory medical media's institutional and professional role is that of publishers (or advertisers and marketers ^[46]) of scientific knowledge that primarily serves the big business they are allied to –the transnational allopathic medical orthodoxy ^[28-33,36-38,41,44,46,52,53,55-57,250]. As such they regularly market the sort of biased selective "science" that supports and promotes the profitable merchandise (drugs, procedures, etc.) of the massive business of official conventional evidence-BIASED medicine ^{[28,30-32,36,38,41,42-}

Top

46,52,53,57,86,87,250]

Conversely, much of the empirically and scientifically valid data on treatments and remedies from (competing) unconventional medicine is omitted in their “scientific” publications –or even excluded entry into the world's largest official library of scientific-medical publications (i.e., PubMed) [88-91]– or, if published, is distorted in order to diminish and discredit the great value of many “alternative” healing modalities (e.g., dietary supplements) that notably encroach on their self-serving monetary interests and powerful authoritative status [28-32,34,36,38,40,41,49-51,58,83,84,89].

In line with these professional and institutional commitments, ideological objectives, and politicized practices, the BMJ's decision to withhold my electronic letter of 2020 signifies *a political concealment and distortion* of the **full** reality about the merit of vitamin C in the fight against the Covid-19 fiasco (see this chapter's opening quote by Dr. Merton).

Specifically, my legitimate signaling about the **clinical-practical** usefulness of vitamin C against CV-19 is what the BMJ is suppressing by their decision to trash my piece. It's the kind of smothering activities that are *exactly in unison* with what the dominant callous state-medical psychopaths have been doing regarding the so-called Covid-19 pandemic as documented in my BMJ-muted Vitamin C-Covid letter.

This makes the BMJ complicit (a “partner in crime”) with the preposterous **inhumane** efforts by the leading psychopathic state-medical authorities in their systemic curtailment of vitamin C for the Covid-19 disaster.

Sociologically and ideologically, the BMJ's suffocating reaction to my revelatory rapid response rendition corroborates its partisan political function as an allopathic mainstream medical journal in the form of a politicized mouthpiece of the official medical factory of self-serving BIASED evidence.

And from a humane standpoint, which is what truly counts in terms of people's well-being, the BMJ's deliberate choice to bury my informative contribution completely violates the two perhaps “most important healthy practices of all time” –always doing the right thing and helping each other

Top

(see Mr. Humble's quote at the start of the "Introduction").

The Censorship, Suppression, And Misrepresentation Of Vitamin C Therapy For Covid-19 Coronavirus Disease Are Not Outlier Practices But The Norm

*"To see what is in front of one's nose **needs** a constant struggle." (George Orwell, 1903-1950, English Political Writer & Social Critic ^[93]) [emphasis added]*

"Knowledge is produced in response to questions. [...]. Here is the point: once you have learned how to ask questions –relevant and appropriate and substantial questions– you have learned how to learn and no one can keep you from learning whatever you want or need to know." (Neil Postman, 1931-2003, Media Theorist, Social Critic & Author, and Charles Weingartner, Author, in 1969 ^[81])

Alluding to the aforecited statements by sociologist Robert Merton, PhD, "the suppression of scientific knowledge" about the *real-life (empirical)* benefits of vitamin C against Covid-19 marks the intentional production of "secrecy" by the dominant pack of state-medical psychopaths through their failure to *fully* and *openly* disseminate this evidence-based scientific information among the public.

By canceling and squelching this remarkable data broadly it remains a "secret" –concealed knowledge– to much of the public at large. And, therefore, the global information embargo on vitamin C against Covid-19, a very deliberate repressive act, is "the antithesis" of "the institutional conception of science" to *fully* and *openly* communicate its finding –and, consequently, such criminal acts are "condemned" by rational sane people.

The reason for this "condemnation" is straight-forward to keen humane individuals as denoted in my BMJ-scrapped letter.

More generally, a systemic ban on vital knowledge at the controlling hands of the oligarchic psychopaths **disempowers** the global public because it diminishes their survival chances –making it a crime against humanity.

Top

This colossal willful atrocity against the public (a crime against humanity) is a towering clue, out of many, to any sane person –and that should make it most blatantly obvious to even the most deluded people– that just about ANYTHING the officialdom of psychopaths wants the public to believe, do, and comply with in connection with their authorized Covid-19 Hoax (e.g., lockdowns, wearing of an arbitrary assortment of “Covid-19 face masks”, getting so-called Covid-19 coronavirus vaccines) works in *their **dis**favor*, works to *their **dis**advantage* [53,54,57,59,61-64,84,94-137].

The categorical **dis**empowerment of people around the world via blanket technocratic censorship of potentially life-saving knowledge indicates that official science, including official medicine, is unequivocally benevolent IN THEORY (in its theoretical VERBAL or RHETORICAL construct of openness, transparency, objectivity, and benevolence) but *notably* corrupt, malevolent, and criminal IN REALITY (in its practical enACTment or application).

The contradictory situation essentially mirrors the colloquially known dialectic of “ACTIONS speak louder than WORDS”. Or, perhaps more fittingly, it mirrors a familiar pattern of psychopaths. It reflects a *naturally applied* technique of deception commonly used by pathological psychopaths.

Namely, their resort to wicked mind games with their victims to fabricate and curate a fake reality for them via a continuous systematic use of propaganda (words) and truth cancellation (the censorship, distortion, and omission of facts; the obfuscation and hiding of the objective reality). This deviant creation of a truth reversal, or a reality inversion (turning reality upside-down), is referred to as “gaslighting”, *commonly* and *naturally practiced* by psychopaths [65,71,76].

In that scheme, the real-world reality of actual saved Covid patients' lives because of proper vitamin C treatment is *perceptually* nullified (erased) across the planet by the authoritarian medical psychopaths-in-control via their systemic suppression and censorship of this authentic knowledge – amounting to a *perceptual*, albeit inauthentic (untrue), reversal of reality to the hoodwinked global non-ruling population. Of course, *the observable reality-certified fact (truth)* that vitamin C is an effective, inexpensive, and safe Covid-19 treatment *remains valid* regardless of these systemic

Top

manipulations and deceptions by the controlling criminal psychopaths. Just as the natural law of gravity *remains valid* regardless of any global censorship and suppression of *this observable reality-certified fact (truth)*.

Indeed, the true carefully hidden reality about the transnational state-allopathic medical guild –behind their gaslighting *vocalized* pretensions of adhering to authentic ethics (e.g., the allopathy's Hippocratic Oath) and scientific impartiality– is that its **practice** is secretly controlled by self-concerned politics, unveiling internal rot, core rot [28-40,42-45,49-51,55,56,58,62,63,250].

This real world-verified scientific assessment is a congruent large-frame application, or sociological extrapolation, of a guiding truism offered to us by Martin Luther King, Jr., (1929–1968), a US human rights activist and establishment critic, in terms of person-to-person interactions –do not judge people “by the color of their skin but by the content of their character” [138].

Officially approved, benevolent-sounding, self-exalting, “feel-good” labels, ornaments, symbols, and cloaks of a person, group, organization, culture, society, or world –such as credentials, badges, IQ scores, accolades, oaths, mission statements, global declarations (e.g., the “Nuremberg Code”, the “Declaration of Helsinki”, see my abovereproduced BMJ-cancelled commentary on the latter)– versus their true inner substance and core character exposed and reality-verified through consistent actions and practices –or inactions.

Habitual proper actions and sound scientific and medical practices include an openness and willingness to change firmly held perspectives when faced with important factual officialdom-dissenting life-saving information (e.g., on the official CV-19 “Pandemic”) –even if it means a personal loss of money, power, or status– rather than to ignore, twist, hide, or discard such essential knowledge as is commonly done via the politics-controlled dogmatic practices of the official global medical mafia club [6,12,13,28-36,39,40,42-45,47,48-53,55,56,58-63,139,250].

Institutions, bureaucracies, societies, cultures, the world at large –and people– are *historical* entities. Therefore, to understand them accurately in the present a proper understanding of their unhampered whole histories,

Top

good and bad episodes, are essential ^[140]. Yet those authorized histories are commonly compromised, distorted, and whitewashed [e.g., 29,36,38,56,86,141].

In terms of the history of state-corporate allopathic medicine in relation to vitamin C, and in endorsement of the factual point of the control-by-politics reality of the official medical practices, various messengers of vitamin C's highly significant medicinal value have been unfairly politically attacked previously by the venal mainstream medical community –the medical priest class of psychopaths.

The organized underhanded efforts by the psychopathic state-medical collusion behemoth (the mainline fascist medical power structure) to conceal, warp, and falsify the unparalleled benefits of *cheap*, safe, and non-patentable vitamin C started more seriously in the 1960s and early 70s. After the highly esteemed American double Nobel laureate Linus Pauling, PhD, (1901-1994), began publishing scientifically sound data on the health benefits of vitamin C [89,142].

Despite the known solid evidence of the benefits of supplemental vitamin C for the common cold many factions of the psychopathic transnational government-medical allopathy officialdom (including the World Health Organization/WHO), and its colluding morally vacuous corporate press and a large number of collaborators, denied it or simply spread falsehoods –and even lies– about the cheap essential nutrient ^[142].

This is the politicization of science. It is the political science of the in-group of medical psychopaths-in-power-and-control.

And as anyone who's familiar with the science of psychopathy would expect, neither did these sick medical authoritarians show ethics to recant when their vitamin C misrepresentations or propaganda was exposed by Nobelist Pauling ^[142]. In harmony with their nature of psychopathy, the psychopathic medical clergy displayed the same awful absence of morals, ethics, and decency during the official Mega Covid-19 Fraud ^[112].

However, the omission of real facts, the obfuscation of real facts, the distortion of real facts, the non-acceptance of real facts, the refusal of real facts, the denial of real facts, the illegitimation of facts (making truth illegal),

Top

and the promotion of falsehoods or lies in place of real facts don't invalidate real facts or objective reality (such as the notable empirical-clinical value of vitamin C for the Covid-19 illness). Believing otherwise is delusional. Those activities only invalidate and expose the fact suppressors, the fact deniers, the incompetents, the delusionists, or liars and propagandists [142]. Logically, the same truism pertains to those who engage in the marginalization, vitriol, slander, imprisonment, or destruction of truth-tellers. Untruth, unreality, or disreality never negate actual truth, true reality –or the messenger of authentic truth and reality.

These, and *many other*, entirely unscientific duplicities and political escapades demonstrate that the transnational federal government-backed allopathic medical enterprise isn't first and foremost after the whole truth, after real science, but after control and power [28-40,42-44,47-53,55-58,61-64,116,131,250].

A pathological hunger for control and power exemplify trademark behavioral personality characteristics of psychopaths [65-71,73-77,143]. Indeed, as sociologists have assessed, government-colluding allopathic mainstream medicine (official medicine) is “an institution of social control” and a cultural center of “professional power struggles for cognitive authority and control” [86].

Sure enough, there's a plethora of irrefutable evidence in support of these vile real-world realities that completely demolishes the perpetuated **myth** (or *delusion* or *gaslighting deception*) of the institution of authorized medicine as a venue of OBJECTIVE, IMPARTIAL, CREDIBLE, SCIENTIFIC evaluation [86,29,30-36,38,40,42-45,47-53,58,61-64,131,139].

As an example, another specious scenario surrounding the actual medicinal merit of vitamin C ensued in the late-1970s and 80s. The contentious topic was the scientific value of vitamin C for cancer. On the face of it, the corrupt state-captured official medical establishment –in collaboration with the allied institutional mass media– managed to create a bogus vitamin C controversy. However, a closer scrutiny of the events reveals it was accomplished through the calculated resort to prestigious junk studies –using a common disingenuous debunking strategy to guarantee that vitamin C “fails” the “scientific” testing [144]– to *officially but falsely* claim that the accurate

Top

vitamin C-cancer work by Pauling and a collaborator was refuted [86,92]. It was, in fact, an authorized ruse epitomizing a typical pseudoscientific gaslighting operation by the transnational official medical mafia of psychopaths [28-36,38-40,42-45,49-51,55,56,58]. Another routine nefarious serving of their official political or politicized science.

Not surprisingly, the same type of longstanding pseudoscientific trickery has been pulled during the Covid-19 Scandal by the official, “prestigious”, utterly criminal, transnational, mainstream, medical mob cabal to “officially” discredit safe, cheap, effective Covid-19 remedies. On the other hand, deliberate public deceptions are being used by the morally bankrupt mainstream medical science community to *profusely hype* the **negligible** benefits of so-called Covid-19 vaccines [e.g., 128,145,146]).

In essence, the reaction of the psychopathic “scientific” modern state-medical industrial consortium to Pauling's scientifically valid evidence on vitamin C was similar to how the unscientific dogmatic authoritarian barbaric officialdom responded to the scientifically legitimate heretic Galileo Galilei in the 17th century: by ridiculing him and falsely condemning his factual statements and rational ideas [87]. The unscientific fallacious political Dark Age-form renunciation of Pauling and his vitamin work by the criminal unscientific clan of authoritarian state-medical lunatics continues in the “unbarbaric”, “advanced”, “progressive” 21st century [32,92].

The biased phony “war on supplements” by the criminal authorized state-medical controllers, and their courtiers, has continued unabated since the 1980s. As a matter of fact, the calculated suppression and selective distortion by the despotic psychopathic state-allopathy business network of the sound scientific data about proper beneficial vitamin C therapy and a host of other valuable harmless dietary supplements of all kinds has been a long ongoing ORCHESTRATED political effort [30,32-36,40,41,87-92,147-149].

To put it in front of everyone's nose (see Orwell's quote at start of this chapter), what real-world brand of grand criminalities and inhumane atrocities does it take for the general public to recognize and acknowledge – i.e., wake up to the real fact (true reality)– that a gang of evil psychopaths (an oligarchy of plutocratic elite crooks) is ruling, controlling, exploiting, disempowering, or otherwise seriously harming them?

Nobelist Albert Einstein, PhD, (1879–1955), taught the following a century ago:

"Education is not the learning of facts, but the training of the mind to think."
[150]

How do we "train the mind to think", how do we educate ourselves?

By asking "relevant and appropriate and substantial questions" [81].

By evaluating different answers [81].

By using word definitions and metaphors as tools for thinking [81].

By perpetually verifying one's views and beliefs [81].

By examining personal assumptions and official premises.

By being receptive (rather than self-defeatingly closed-off) to new perspectives, contrarian facts, and "inconvenient" knowledge.

By forming and exercising a critical mentality (for instance, by always being skeptical of "authorities" and "experts").

By reflecting about the meaning of facts or new meanings of facts.

By contemplating how facts and meanings fit into "the bigger picture" of things.

By pondering on how official "politically correct" language or the "culturally approved" vocabulary and one's own common use of language and vocabulary might be "invisibly" obscuring critical facts and realities.

By being observant both within one's immediate and larger context.

By inquiring about (hidden) political-ideological motives, and so forth.

Education as a flexible adaptive active imagining "alive" broad-spectrum continuous "developmental process" [54] rather than a passive absorption and mechanical recitation of facts –a static "dead" (mindless) process.

Authentic education is a discerning process of "leading *out from*" darkness (ignorance) *to* light (truth). Perverted education (fake education, indoctrination) is an uncritical process of "leading *into*" conformity instead of *toward* actual enlightenment.

It follows that mechanically, passively, mindlessly believing, repeating, and spreading officialdom narratives, authorized explanations of official authorities, and popular notions of the mainstream culture is *not* intelligence

Top

but the antithesis of intelligence, especially in “civilized” psychopathic societies. Although this non-thinking behavior and “lifeless” practice are being officially inculcated, and systemically propagandized, as to be equated with “intelligence” (e.g., wearing a mask during the Covid-19 madness or getting inoculated with Covid-19 “vaccines” are deemed “intelligent”). It is the deliberate misleading distortion of the concept of “intelligence” by a deceitful anti-life culture and its controlling mendacious twisted authorities.

The continual crime against humanity with the “war on nutritional supplements”, using manipulation, deception, and coercion, unearths that psychopaths are at work –that psychopathic plutocrats are in domineering positions of authoritative power [68,69,71,72,74-77,151]. Because committing repeated crimes against humanity (inhumane unethical crimes of epic scales), engaging in compulsive deception, and chronic manipulation –all of which are manifestations of people without a conscience culminating in a lack of compassion and empathy– typify major behavioral traits of psychopaths [65-70,73,75,77,143,152].

A real-life example of this astounding inhumanity due to a primary trait of psychopaths, a profound absence of conscience –ergo, zero true compassion– during the current global Covid-19 coronavirus health “crisis” is the psychopathic state-medical power bureaucracy's denial and repression of the “compassionate use” of non-toxic effective inexpensive vitamin C for the Covid-19 coronavirus [153]. It is the sort of typical absurd inexcusable real-world atrocities of the psychopathic authorities-in-power the sharp Henry L. Mencken, (1880-1956), formed the following conclusion from –and which is indicative of the true nature of, and intent with, the authorized “pro-vax mania”, the contrived Holocaustal Covid-19 Pandemic Of Terror [55,57,100,104,109,111,112,114,116,137,154].

“The urge to save humanity is almost always only a false-face [=a gaslighting plot by psychopaths-in-command] for the urge to rule it. Power is what all messiahs really seek: not the chance to serve.” [155] [explanation added]

Unconscientious inhumane ACTIONS and PRACTICES when conscientious humane ACTIONS and PRACTICES are called for (i.e., “doing the right thing”, which above all means doing no harm) reveal the ACTIONS and PRACTICES –

Top

thus, the real-life presence (REALITY)– of clinical psychopaths [65-77,143,151,152].

Aptly, in the 19th century psychopathy had been described as “moral insanity” [70,156]. Analogously, a leading contemporary scientist in the study of psychopathy referred to a psychopath as a person “without a soul” [66].

The Organized Scheme Against Unconventional Medicine By The Psychopathic Global State-Medical Industrial Syndicate

–A Century-Long ONGOING Political Holocaustal War Against The Public

"The great majority of scientists have faithfully set up camp in the fields of the multinational corporations, and in many of the skirmishes between the powerful and the powerless, they have stolidly sided with power, showing themselves to be more interested in the pursuit of profit than in the public good." (Martin Walker, Independent British Health Researcher & Author, in 2011 [33])

"Here [with the organized suppression and destruction of genuinely valuable unconventional medical remedies and treatments by the psychopathic government-corporate medical establishment] a common pattern emerges. The [psychopathic] authority figures first recognize and thus acknowledge the value of the discovery. Next, they try to separate the innovator from his discovery, to essentially steal it, usually with a profit-motive in mind. And finally, without fail, they pursue a no-holds-barred course to destroy the discoverer. This, ladies and gentlemen, is evil." (Julian Whitaker, MD, US Physician, in his 'Introduction' of Dan Haley's book "Politics In Healing", 2000 [36]) [explanations added]

Most psychopaths –especially professional psychopaths (corporate psychopaths) who are ruling and controlling big organizations, nations, or the world– have characteristically a long history of destruction, which they try to muddle, whitewash, or cover up [65-70,74,143,151,152].

Top

Predictably, the perpetual ongoing organized tyranny against vitamin C therapy –and nutritional supplements in general– follows a broader trajectory of wicked suppression and evil-doing by the psychopathic medical power structure.

An orchestrated carefully coordinated plan by organized ethically bankrupt allopathic conventional medicine, in collaboration with national governments, against safe effective treatments, remedies, and healing modalities of unorthodox medicine (“alternative medicine”) in general has been in place for over a century –unbeknownst to most of the public [28-36,38,40].

As alluded to, James Carter, MD, stated it succinctly 3 decades ago, and which still applies today:

*"The American public **has no idea** how **politics secretly controls** the **practice** of medicine."* (James P. Carter, MD, in 1992 ^[30]) *[emphasis added]*

This longstanding criminal holocaustal war on unconventional medicine by the official unscrupulous psychopathic fascist government-medical industry complex has caused a tremendous amount of *unnecessary* suffering and the *premature* deaths of **TENS OF MILLIONS** of people during that time period [28-36,38,40,58]. Keep firmly in mind these legitimate facts are not merely words and symbols on a medium of communication but that they authentically represent *real people*.

Again, what real-world brand of grand criminalities and inhumane atrocities does it take for the general public to recognize and acknowledge –i.e., wake up to the real fact (true reality) right in front of their inert self-absorbed surrendering noses (see aforecited Hegel's/Orwell's “nose” quotes)– that a leading clique of evil soulless psychopaths (a minority class of ultra-wealthy elite scoundrels) is ruling, controlling, exploiting, disempowering, or otherwise seriously harming them?

And once more, Nobelist Albert Einstein, PhD, (1879–1955), taught the following a century ago:

"Education is not the learning of facts, but the training of the mind to think." ^[150]

Top

This *reality-certified* medical holocaust is the symptomatic monstrous work of profit-and-control-above-all-else staggeringly criminal grandiose psychopaths-in-power who are excellent compulsive liars and pathological manipulators [65-71,73-77,143,151,152] due to a “stunning lack of conscience” [66] which, as mentioned earlier, spawns and facilitates acts and activities of extreme immorality (e.g., crimes against humanity).

This criminal callous inhumane war on unconventional medicine is an officially unaccounted and unacknowledged, silent, concealed, sequestered – albeit **real**– holocaust of astronomical proportions committed by the official leading transnational state-medical psychopaths-in-control (the global public allopathic diseasecare cartel), and their myriad of partaking lackeys, “astroturfers”, and hirelings [28-36,38,40,49-51,58,157].

Being unaccountable for wrongdoing (or, in some instances, denying it ever happened) is another principal clinical attribute of the personality of psychopaths [65-71,74,75,151,152]. An immoral mode of action, or inaction rather, witnessed also, for instance, in the psychopathic state-medical overseers' stark absence of rescinding and retracting the verified misinformation and disinformation on vitamin C against cancer, standing since the 1970s [86,92,142]. An unethical erosive non-scientific practice that, too, is not an outlier or fluke with the government-colluding allopathic medical industrial complex [158].

And this hidden officially “non-existing” medical holocaust with the war on unorthodox medicine –a *taboo holocaust*– occurring right in front of the general public's complacent indifferent non-acting noses (see aforecited Hegel's/Orwell's “nose” quotes) and representing a massive amoral unaccountable crime against humanity, is silently **ongoing** [49-51,58,148,149,159].

In reality, to reiterate, the clandestine politics-controlled “**practice** of medicine” causes towering genocidal harm, rendering the allopathic medical profession's *nominal* propagation of “first, do no harm” meaningless and mischievously farcical. As a matter of fact, as alluded to, it signifies *another* gaslighting reality reversal (truth inversion) fabricated by the governing state-medical psychopaths-in-charge. Again, it is the standard LABEL of

Top

integrity versus the standard PRACTICE of non-integrity by allopathic medicine.

Longstanding high-minded words and convincing rhetoric are only authentic and meaningful if they're backed by –that is, in alignment with– consistent right actions and practices. If not, then they're merely empty promises and unethically deceptive lies.

Longstanding unethical inhumane medicine by the actuality of behavior (i.e., PRACTICES, ACTIONS), nullifying the allopathy's longstanding WORDY framework of ethics, is authenticated morally insane medicine – **psychopathic medicine.**

It is exactly because pathological psychopaths are hollow of genuine ethics and highly deceitful master manipulators and liars –because they wear a “CONVINCING MASK of sanity”– experts in the science of psychopathy have realized decades ago that the only reliable objective evidence demonstrating and exposing the psychopaths' operational presence is their behavior, practices, actions, and activities alongside affective symptoms [69,151].

In fact, a pioneering clinical expert on the psychopathic personality who was well acquainted with the extremely vast social damage psychopaths cause through their behavioral activities explicitly emphasized:

"We must, let it never be forgotten, judge a man by his actions rather than by his words." (Hervey Cleckley, MD, 1903-1984, US Psychiatrist, in 1976 [151])

The inhumane systemic global ban of vitamin C (and other orthomolecular remedies; e.g., see vitamin D and Covid-19 [113,159]) for the treatment of Covid-19 coronavirus and the fierce suppression of its advocates by *official psychopathic medicine* is essentially, and in part, an extension (one out of many) of their perpetual historical genocidal program against non-allopathy medicine through ACTIONS and PRACTICES.

Once more, what real-world brand of grand criminalities and inhumane atrocities (e.g., crimes against humanity) does it take for the general public to recognize and acknowledge –i.e., wake up to the real fact (true reality)

Top

right in front of their apathetic non-learning non-acting noses (see aforecited Hegel's/Orwell's "nose" quotes)– that a gang of morally deficient psychopaths (an oligarchy of mega-rich elite criminals) is ruling, controlling, exploiting, disempowering, or otherwise seriously harming them?

And again, Nobelist Albert Einstein, PhD, (1879–1955), taught the following a century ago:

"Education is not the learning of facts, but the training of the mind to think."
[150]

The fact that the dominant psychopathic order pretends this and other atrocious holocaustal inhumanities (crimes against humanity) don't exist, or are not permissible to exist (they are forbidden thoughts, thought crimes, taboos), or tries to make its population believe they don't exist [160,161], is also one out of many psychopathic gaslighting truth inversions (turning reality upside-down) going on right in front of –or ABOVE [55,162-164]– the general public's self-contented apathetic unconcerned credulous noses (see aforecited Hegel's/Orwell's "nose" quotes).

This deceptive behavioral trait of psychopaths, inducing an inverted reality in other people through manipulation of their perception –limiting, biasing, and twisting their perceptual field, thus, their full and proper cognitive-emotive understanding of the actual reality [65-69,151]– is now in full bloom during the rigged Covid-19 "pandemic", a holocaustal crime against humanity [53-55,57,59,61-64,84,94-137,165,172,209].

The easy recognition of the global **HOLOCAUSTAL** atrocity and *deliberate criminality* (rather than grave officialdom incompetence as so many naive "intelligent" people, such as mainline scientists and mainstream doctors, believe, exposing their *delusional* mentalities) of the official supremely felonious Covid-19 Ploy seeps through excruciatingly in a statement by Angelo Codevilla, PhD, an Italian-US political scientist, as much of these (and related) repercussions also applied –or still apply– in lots of countries around the world:

"The U.S. authorities, the "experts," the [psychopathic] ruling class, chose to do precisely the opposite [of what should have been done in the

case of the Covid-19 Coronavirus "Pandemic"]. They "locked down" a general population that is at virtually no risk, thereby delaying the virus's spread to people it could not harm and whose infection would build herd immunity. Keeping millions of people indoors also worsened their health. Keeping people from interacting and working normally wrecked economic and social life. Worst of all, these authorities, these experts, transferred elderly persons known to be infected with the virus into nursing homes [naturally infecting many other susceptible high-risk elderly people]. [...]. That is what happened, and it is perverse. It deserves punishment. Doubly so because of the cruelty [typical of pathological psychopaths] with which it was done. As known virus carriers and unscreened persons were moved in, as the contagion raged, the debilitated, powerless inmates were prohibited visits from their families. These, being nearly all uninfected, would have posed no danger. Had the families been allowed to visit, they might have become aware of what was happening. As it was, they were powerless to save these innocents who, without advocates, were effectively condemned." [112]
[explanations added]

In the ongoing prolongation of these **holocaustal** crimes, the censorship or obfuscation of truthful critical facts about *experimental* so-called Covid-19 vaccines, the distortion of real facts about the safety and efficacy of *experimental* so-called Covid vaccinations, the official propaganda to get preferably every person on earth inoculated with an *experimental* so-called Covid-19 coronavirus vaccine (or several of them), and the various illegitimate ways to push, bribe, and coerce people to comply with this official illegitimate vaccination program (i.e., **an inhumane criminal epic human experiment**) are in TOTAL violations of the "Nuremberg Code" [166,167,251], a set of humane moral rules to prevent to occurrence of governmental-scientific-medical inhumanities (i.e., crimes against humanity) such as the Authorized Fraudulent Covid Holocaust [53-55,57,59,61-64,84,94-137,165,172,209].

What other glowing ultimate proof does it take for anyone anywhere to recognize that the completely criminal Covid-19 PsyOp (Psychological Operation) is a holocaustal program AGAINST populations around the world?

What other sparkling ultimate proof does it take for anyone anywhere to recognize that authentic predatory human psychopaths are in positions of

Top

power and control around the globe?

What other flashing ultimate proof does it take for anyone anywhere to recognize that authentic predatory human psychopaths holding global control over populations cannot be meaningfully defeated across the board through any legal avenues or other conventional ways?

The Systematic General Suppression Of Cheap Covid-19 Treatments

–The War On Truth Culminated In The End Of Truth... Does The War On Life Also Culminate In The End Of Life?

"An individual has not begun to live until he can rise above the narrow horizons of his particular individualistic concerns to the broader concerns of all humanity. And this is one of the big problems of life, that so many people never quite get to the point of rising above self. And so they end up the tragic victims of self-centeredness." (Martin Luther King, Jr., US Human Rights Activist, 1929–1968, in 1957 [168])

"The past is not dead; it is people who are sleeping." (Edward Curtin, US Sociologist, in 2018 [169])

Politics are, per one definition, "political activities characterized by artful and often *DISHONEST PRACTICES*" [170] [emphasis added]. Dishonest political practices are used to obtain and maintain positions of power or control, such as in a business or a fascist state-business matrix (e.g., transnational government-colluding allopathic corporate medicine [6,12,13,28-64,250]).

James Carter, MD, illustrated (in the quotation cited earlier) and documented [30], along with many others [28,29,31-36,38,40,42-44,49-53,55,56,58,62,63,86-91,250], that in contemporary times, the 20th and 21st centuries, *the practice of transnational official allopathic medicine has been secretly dominated by politics.*

Top

Unsurprisingly, this uncivilized Machiavellian POLITICAL state of affairs had also already been well present in official medicine in the 19th century [29]. Here's a corroborating statement by a 19th century allopath who was not "asleep" or just uncommonly genuinely honest:

*"It is my candid opinion, and that opinion has not been formed hastily, that nine-tenths of all the medical **practice** of the nineteenth century [...] is not based on scientific principles, or benevolence and truth, but on cupidity, avarice, and a desire for fame, on the one part, and ignorance and misplaced confidence, on the other. Remove these pillars, and the gilded temple called medical science, that medical authors have been propping up for four thousand years [...] would fall to the ground with as much certainty as did the edifice from which Samson, with giant's strength, removed the pillars."* (Benjamin Colby, Jr., MD, 1815-1886, in 1846 [171]) [emphasis added]

In other words, *from its historical inception to today*, mainstream organized medicine (the transnational authorized state-backed allopathic medicine monopoly) has been and is **a SEAMLESS huge criminal business of reality-verified psychopaths whose CONTINUOUS HEARTLESS PRIORITY is THEIR PROFITS, STATUS, AND CONTROL over OTHER PEOPLE'S LIVES** [28-36,38,40,42-44,47-53,55-58,61-64,116,131,132,134,135,172,250].

When, of course, it should and would be the other way around in a HEALTHY, SANE world not dominated and cannibalized by pathological elite psychopaths (i.e., master manipulators) with their deviant concepts, psychopathic mentalities, and psychopathic values (all of which have been normalized globally [39,65,66,68,69,75,156,173]) as conspicuously implied in this statement:

"There are only 3 important questions when evaluating a potential treatment. Does it work? What are the adverse effects? How much does it cost? Ideally, issues such as the theory underlying the treatment or the guild to which the proponents of the treatment belong should be irrelevant to the fundamental questions of efficacy, toxicity, and cost. The history of the response of academic medicine to micronutrient supplementation [=the use of vitamin supplements] suggests that we have not attained that ideal." (James S. Goodwin, MD & Michael R. Tangum, MD, in 1998 [87]) [explanation added]

With the global normalization of psychopathic values and ideologies comes the global normalization of psychopathic deeds: crimes against humanity. The normalization of a world of, by, and for psychopaths [39,65,66,68-70,74-77,79,82,151,156,173-178].

Understandably, the systemic world-wide suppression of all kinds of *inexpensive* safe and effective remedies for Covid-19 (whether unpatentable inexpensive vitamins, such as vitamin C or vitamin D3, and other natural substances [113,159,179,180], or patent-expired *inexpensive* pharma drugs [112,137]) via the official technocratic censorship machine of this nasty serial ilk of profit-and-control-above-all-else psychopathic bandits-in-charge is yet another heinous incarnation of this psychopathy-characteristic nonstop historical precedent of committing HOLOCAUSTAL profits-over-lives crimes against humanity [53,58,110,159,172,180-189].

Censorship of vital true facts and genuine realities is thought control. Controlling what you can or cannot know.

Censorship of vital true facts and genuine realities is dictatorship. Dictating what you're allowed to know or not.

Censorship of vital true facts and genuine realities is NON-science because it's the theft of truth from you. Ergo, the official non-scientific truth-thieves' modus operandi (e.g., the authorized Covid-19 memes and scripts of the official non-scientific medical "experts") is the truth-stealing, evidence-biasing administration of authoritarianism, dogmatism, and despotism. That is, it is bogus science, pseudoscience, scientism (science as a dogmatic religion), fraudulent fake science– masked and sold to the public as official legitimate science ("mainstream science").

Censorship of vital true facts and genuine realities is a form of LYING by omission (because it's censorship by deliberate omission of genuine knowledge).

Censorship of vital true facts and genuine realities is deception. The deliberate targeted trimming of truthful information out of your field of awareness creates a distorted false perceptual "reality" (fake reality) than

Top

what the whole objective reality is.

Censorship of vital true facts and genuine realities is the creation of public ignorance by hiding and suppressing pertinent knowledge from the public. Such as about potentially life-saving, safe, and cheap Covid-19 therapeutics, like vitamin C.

Censorship of vital true facts and genuine realities is the **disvaluation**, **disempowerment**, and **DEFRAUDING** of the public because it creates a knowledge deficit in people. Legitimate informed decision-making relies on adequate correct knowledge. Knowledge suppression or omission hampers and prevents that process.

Censorship of vital true facts and genuine realities is **dislove** for the public.

Censorship of vital true facts and genuine realities is IMMORALITY because it causes enormous harm to people.

Censorship of vital true facts and genuine realities is a form of slavery because of the destruction of freedom. The destruction of your freedom to learn and know helpful valuable truthful information –such as about potentially life-saving, safe, and cheap Covid-19 remedies, like vitamin C.

Censorship of vital true facts and genuine realities is **anti-humaneness** and **anti-life**.

Censorship of vital true facts and genuine realities is a crime against humanity. It is evil.

Censorship of vital true facts and genuine realities is proof of a real-life condition of rule and control by, of, and for psychopathic thugs in positions of authority.

The from-the-onset orchestrated systemic global censorship and suppression of many Covid-19 truths amounts to a HOLOCAUSTAL crime against humanity perpetrated by the psychopathic elite –the psychopathic soulless monsters.

In the extractive permanent 2-class system of a ruling class (a few “masters”, a “master” class) and a non-ruling class (a mass of “slaves”, a “slave” class) –a noxious structure of control that has been in effect continuously in “civilized” societies since antiquity [39,82,143,174,178]– the real reason for wall-to-wall censorship and broad concealment of relevant facts and true realities is always the same:

“[...] the benighted self-interest of the self-appointed ruling class recognizes that objective reality is always a threat to their interests.” (Ray Peat, PhD, US Biologist, in 2001 [190])

And when truth censorship, truth-teller suppression, and ceaseless propaganda (and desperate bribery [191]) are not enough to maintain systemic ignorance about the authentic truth (objective reality, the “what is” or that which truly exists) and to maintain systemic public compliance with the interests and agendas of the (invisibly) governing psychopaths-in-power-and-control, they turn to coercion and violence –Dark Age savageries or mob tactics [192].

For instance, in April of this year (2021), the leading psychopathic chiefs of the US regime began to enact a new gaslighting policy in the US called “The Covid-19 Consumer Protection Act”. It threatens healthcare practitioners –or anyone else– with steep fines for educating others on the science or the empirical reality of how safe effective inexpensive non-allopathic approaches (e.g., vitamin C, vitamin D3, other remedial orthomolecular substances, etc.) can help in the fight against Covid-19 because such educational activities allegedly, per their customary psychopathic “mask of sanity” language (i.e., “fakespeak”), “endanger consumers” [193].

It's the criminalization of dissent.

It's the criminalization of heretics.

It's the criminalization of non-compliant non-conforming people who rightly guide others to genuine life-saving realities. The dissemination of truths as a form of “thought crimes”.

It's the criminalization of “doing the right thing”.

Top

It's the criminalization of humaneness.

Therefore, ultimately, it's the destruction of the public's ability to recognize discernible reality –the truth (what actually exists or is). A destruction of the personal freedom to move towards truth, objective reality.

The criminalization of truth.

The criminalization of authentic life (reality, realness).

Getting punished for ethically doing the right thing (the criminalization of morality) –standing up for, promoting, and sharing life-saving authentic realities (truths)– always demonstrates and proves that criminal, anti-truth, anti-life, primitive, crazy psychopaths (gaslightingly dubbed “the elite”) are in command.

It's proof of the lunacy and psychopathy of the visible and invisible controlling authorities.

In terms of ruling psychopath recognition, this dictatorial policy is another customary gaslighting scheme, of course (already given away by its disingenuous title), protecting the interests of the state-allopathy cartel of psychopaths and *not* the interests of the public (corresponding with their *pragmatic historical record*, see earlier segment). For instance, inexpensive effective safe Covid treatments logically do NOT “endanger consumers” but they endanger the controlling psychopathic state-medical fascists' inflated status of power and their astronomical profits with *conspicuously harmful, nugatorily efficacious, experimental* so-called Covid-19 coronavirus vaccines for everyone on the planet [53,128,130,131,145,146,251] and other dark agendas behind their Holocaustal Covid-19 Scam [57,59,61,64,84,115,116,122-125,128,132-135,145,146,172].

Brian Shilhavy, a writer and health activist, coherently unpacked for everyone this criminal absurdity of the official medical tyranny complex, and that it's them –*as usually*– who greatly “endanger consumers” in the real world:

“When people in Europe started dying from fatal blood clots shortly after

Top

receiving experimental COVID injections last month (March, 2021), some countries began criminal investigations over the deaths, including Italy which launched a manslaughter investigation after several people died following the injections. Here in the U.S., as of this week, the CDC is stating that they have received 3,486 reports of people dying following the experimental COVID injections. So what is the U.S. Government's response to all these deaths being reported? Are they investigating them to see if the pharmaceutical companies are acting criminally? No, last week the Department of Justice announced that they were going to start enforcing a new bill signed into law back in December by then President Donald Trump, which makes it illegal for anyone to promote non-pharmaceutical products as treatments for COVID-19. The law is called the "COVID-19 Consumer Protection Act." The name is mislabeled, however, as it does not protect consumers from dangerous products that can harm or kill them, such as the experimental COVID "vaccines," but it protects the pharmaceutical industry instead, by eliminating free speech for non-pharmaceutical remedies for COVID-19. This law really should be named the "COVID-19 Pharmaceutical Protection Act"." [188]

And again, what real-world brand of grand criminalities and inhumane atrocities does it take for the general public to recognize and acknowledge – i.e., wake up to, and face, the real fact (objective reality) right in front of their docile indifferent snoozing noses (see aforecited Hegel's/Orwell's "nose" quotes)– that a bunch of evil psychopaths (a pack of affluent elite gangsters) is ruling, controlling, exploiting, disempowering, or otherwise seriously harming them?

And also again, Nobelist Albert Einstein, PhD, (1879–1955), taught the following a century ago:

"Education is not the learning of facts, but the training of the mind to think." [150]

The ever more vicious official attacks on evidentiary Covid-19 truths and truth-bearers will continue, predictably, with the quest of the authoritarian ruling class of psychopaths to advance their premeditated vaccine frenzy and its associated plans of theirs.

Top

The fiercer the authorized murder of unvarnished truths about Covid-19 the less of these truths reaches the public. The more ignorant –thus, **disempowered**– people at large become and remain.

It indicates that within this caustic anti-truth environment of psychopathic tyranny it behooves **everyone** to urgently become a staunch ambassador and **active** spreader of the truth (objective reality).

Since the submittance of my unappreciated e-letter to the BMJ in early July of 2020 additional scientific papers and solid EMPIRICAL-CLINICAL evidence of the usefulness of vitamin C (alone or in combination with other substances with therapeutic effects) for Covid-19 got published despite the merciless oppression of this Covid therapy and its proponents by the inhumane psychopathic state-medical Inquisitors [179,182,183,185,194-199]. Or the unwillingness of doctrinaire major medical journals to publish that knowledge [182].

As Thomas E. Levy, MD, JD, a holistic doctor and medical expert on vitamin C, explained in 2021:

"[...] vitamin C is the ultimate anti-pathogen agent [...]. [...]. Properly-dosed and properly-administered vitamin C has been curing nearly all acute infectious diseases, especially viral ones, for over 80 years now. Many different articles have documented its benefits in this regard. Yet no current medical textbook [of Modern Dark Age psychopathic mainstream medicine] even mentions vitamin C as a potential or possible treatment for infectious diseases." [58] [explanation added]

The Whole Big Picture

–The Two Married Pink Elephants In The Historical Room

*"Life –what's happening on this planet– is like a jigsaw puzzle that's thrown at someone in a dark room. The objective is to gather up as many pieces as you possibly can. Then bring them to a place of light where you can assemble them. And you don't need to gather every piece. You do need to gather **most** of the*

Top

pieces if you're to see the larger picture to emerge." (Mark Passio, US Spiritual Teacher, Anarchist, And Radio Host, in 2010 [200])

*"People who have "murdered" their souls and **choose to exist in a life of perception rather than reality** have become the greatest danger to a free society. People who lack the fortitude and courage to seek truth and demand truth are the **facilitators of tyranny**. [...]. **The truth no longer matters to soulless human beings.**" (Unknown) [emphasis added]*

To *constructively* orient oneself –especially over the long haul– requires an accurate grasp (i.e., a correct diagnosis) of the nature and essence of the environment, the context, the culture, and the type of world, one lives in.

Adequate proper knowledge –i.e., sufficient good information– is necessary for that accurate understanding. Adequate correct knowledge –i.e., sufficient good information– instructs a matching perception of the true manifested reality (perception authentically aligns with objective reality).

To properly perceive, to see, and live in the light (truth, objective reality, what actually exists or is) one must open one's eyes and keep them open habitually and predominantly –or darkness (untruth) will inevitably dominate.

Paul Rosenberg, an American culture critic and author, and who's well aware that gaslighting elite psychopaths, or super psychopaths, run the world, pointed out in 2014 that:

"Governments, like all hierarchies, are havens for sociopaths [=psychopaths]. [...]. I'm trying to think of any single thing that would eliminate human suffering better than sociopath recognition, and I'm not coming up with much." [73] [explanation added]

Along this line, in 2021 an aforementioned British writer posed a question I'd argue is one of *the* most crucial ones for humankind to most urgently *and* most pro-actively tackle (a serious notion which had been raised by clinical scholars of psychopathy decades prior [e.g., 151]):

"The most important question might be something like, 'how do we disempower sociopaths [=psychopaths]  and establish a humane world?'"

(Tim Foyle ^[201]) [explanation added]

The efficacious authentic disempowerment of the corporate ruling psychopaths is most critical for the sake of life anywhere. Because the **psychopaths' pragmatic anti-life orientation** has, too, long been known in the scientific literature on psychopathy ^[65,66,151]. Transnational cultural institutions that exhibit that deleterious practical attitude are commercialized mainstream science (the scientific theocracy) and allopathic psychopathic medicine (the official, government-colluding, medical monopoly enterprise) ^[6,12,13,28-64,250].

As the bright American biologist Ray Peat, PhD, stated in May of 2021:

""Science", " especially medical science, has become life's greatest danger, when its goal has become the empowerment of "artificial intelligence," centralizing control, institutionalizing the reductionist view of knowledge, and displacing actual intelligence." [139]

So, to confront the most pressing endeavors formulated in the two psychopathy citations above is FOR EVERYONE TO MAKE GENUINE PERSONAL EFFORTS to obtain a GOOD understanding of psychopaths (currently most people have vast misconceptions about them; *the dedicated perusal of the following citations is a solid foundation to remedy this personal disadvantageous condition* ^[65-80]) because ruthless psychopaths have permeated and control the *global* landscape ^[65-70,73-77,151].

As one long-time psychopathy investigator taught over a decade ago:

*"If there is any work that is deserving of full time efforts and devotion for the sake of helping humanity in this present dark time, it is the study of psychopathy and propagation of that information as far and wide as possible. **For anyone who wants to really do something, let's get the knowledge of social pathogens out to the people**, let's learn how to identify them first, and then we can decide how to proceed from there. [...]. [...] identifying the psychopath, ceasing our interaction with them, cutting them off from our society, making ourselves unavailable to them as "food" or objects to be conned and used, is the single most effective strategy that we can play."* (Laura Knight-Jadczyk, Editor, Writer, And Author ^[69]) [emphasis

added]

Such focused personal efforts lead to self-empowerment.

Then empower others by being a spreader (ideally: a super spreader) and teacher of this knowledge “far and wide” in the public interest everywhere – most preferably via non-mainstream channels. Anonymously or under a pseudonym if need be as illegitimate Draconian laws and environments force this step upon a heavily disempowered oppressed public [154,180,183,189].

This constitutes *right action based on a right understand of the world we live in*, a technocratic Dark Age of censorship –a psychopathic world, a seriously degenerate diseased world [39,65,66,68-70,74-77,79,82,85,151,156,173-178].

The master psychopaths' global control and dictatorship is established through the utilization of the most advanced modern technologies to stifle and perceptually erase truth. As a matter of fact, technology (“the dominant ideology” [202]) –such as that used in the world-wide internet censorship of the truth about Covid-19– has always been the visible psychopathic officials and invisible psychopathic non-officials prime tool to perfect their deceptions, attain greater control, and feed their greed [42,45,69,178,202,203].

In the modern “technologically advanced” psychopathic world extremely perverted practices, psychopathic “thinking”, and collective affective dwarfism are normalized. That is, they've long been the gaslighting “new normal” reality unbeknownst to the general sleeping indifferent global public (virtually none of them ever ask themselves if any given “new normal” reality is actually a healthy reality) [39,65,66,68,69,75,82,85,114,156,173,204]. In true non-gaslighting reality, it has always been a successive conception and creation of “new *abnormal*” realities (inhumane sick realities) –externally mirroring and manifesting the organically *defective*, biologically *diseased*, physically *abnormal* brains and “emotional hearts” (i.e., the brain's limbic system) of the authoritative psychopaths-in-control [65,66,68-70,72-75,77,151,152,156,205-207]. It is a psychophysiological hallmark of psychopaths. Psychopathy is not simply a psychological disorder –a defect of the psyche– but a set of tangible abnormalities of the *physical* brain.

Collective ignorance about the controlling psychopaths-in-power works in

their favor.

Proper collective knowledge about them is their disadvantage. It is their weakness.

Hence, they've been –*historically and naturally as nebulous predators*– operating in secrecy, in stealth mode, “invisibly”, like viruses [69].

WITH adequate proper knowledge about them their egregious activities, deceitful practices, absurd injustices, and recurring crimes against humanity will become (more) identifiable, apparent, and predictable.

Being properly educated about psychopaths works in favor of populations across the planet. It is people empowerment [65].

This practice of self-empowerment and others-empowerment –of every individual– is, or would be, a manifestation of seeing the light (truth) and living in the light by habitually and predominantly open one's eyes.

Truth acquirement takes a personal pro-active effort because true education is a dynamic responsive *active* process [54]. Unlike indoctrination –such as the official (US/“civilized” nations) “educational” system– which is (as alluded to prior) an obedience-instilling rigid *passive* process [55,81,85,176,208].

People's empowerment only occurs by people “DOING the right thing” consistently, which requires personal courage, efforts, and ethics. Intellectually understanding a problem is only the beginning in the equation of manifesting constructive change. People's empowerment only ever happens in reality by people's ACTIONS –particularly COLLABORATIVE action (in unison, not in division among non-ruling people). Just as the controlling psychopaths' empowerment happens by their collaborative actions –in conjunction with (artificially divided [69]) non-ruling people's habitual INactions, which always ends in people disempowerment.

The truth of things, that which actually exists or is, *can* (still) be found *if* one pro-actively seeks out the truth [55] –despite the spectacular magnitude of systemic censorship at current times, which illuminates that we live in a Modern Dark Age and not in a Modern Enlightened Age.

Doesn't the survival and prosperity of authentic truth, realness, and genuine humaneness absolutely require this personal responsibility –this personal duty– to truth education (education in, and to, true reality)?

It is truth, realness, and humaneness that desperately need more members, not mendacity, fantasy, and psychopathy –for the sake of all planetary life.

Presumably, just about everyone with proper knowledge and understanding about psychopathy will swiftly recognize that, from the very beginning, **the Holocaustal Covid-19 Hoax is a well planned, determinedly executed, extremely destructive, fraudulent, Big Global Psychological Operation** perpetrated by the leechlike morally insane psychopaths-in-power [53-55,57,59,61-64,84,94-137,165,172,209].

A monumental concerted psychological operation of people **disempowerment**.

Non-ruling people **disempowerment**.

Psychological warfare on the public.

The ruling 1% of elite psychopaths' warfare against the non-ruling 99% of people at large (the rank-and-file public).

The one and only *authentic* eternal class war [143].

A calculated global campaign of public mind manipulation –the manufacturing of collective paranoia, the “hysterization of society” [65]– to confuse, disorient, and make populations feel fearful and helpless using non-stop scare tactics and fear and terror propaganda [55,57,100,104,109,111,112,116,137,154,165,175-177,209]. And known psychological torture techniques (e.g., isolation, which fosters obedience and delusional thinking [203]) [203,210-212] are applied concomitantly or sequentially in the form of scientifically spurious unconscionable “emergency measures”, such as social distancing (note: it's not called *physical* distancing, as some individuals pointed out), self-isolation, lockdowns, curfews, and travel bans [59,99,111,112,114,119,120,137,165].

A giant gaslighting operation to *intentionally* capture –thus, control (own)– everyone's mind to get everyone to “THINK” AND DO what's in the twisted self-interests of the control-addicted sick psychopaths-in-command. (Keep in mind, other lucrative medical interventions, apart from vaccines tests and vaccinations, such as regular screenings with mammography, are also routinely manipulatively peddled to the public via fear-mongering to attain public compliance with the business interests of the criminal medical allopathy [42,45,202]).

This rudimentary deviant objective and real external reality –that is, collective mind control by the “invisible” psychopathic controller class (the governing oligarchs)– had been **openly** laid out and confirmed already *over a century ago* by former US President T. Woodrow Wilson, (1856-1924) [213].

Just a few years later, an establishment shill and psychopaths' apprentice [143,154,175] (or “secondary psychopath” [70]) corroborated Wilson's account and *explained openly* –right in front of the general public's willfully complacent surrendering noses and which I now put there too, and many others had done so prior, again and again and again– how that profoundly degenerative system of control and its (in current times visibly [69] and) invisibly imposing psychopaths-in-power work:

*"The conscious and intelligent **manipulation** of the organized **habits and opinions of the masses** is an important element in democratic society. Those who **manipulate** this unseen mechanism of society constitute **an invisible government** [=the criminal clique of psychopaths-in-control] which **is the true ruling power** of our country. We are governed, our minds are molded, our tastes formed, our ideas suggested [e.g., Wear a mask! Self-isolate! Vitamin C for Covid-19 does not work! There are no effective Covid treatments! Get Covid-19 vaccines! etc.], largely by men we have never heard of. [...]. It is they who pull the wires which **control the public mind**, who harness old social forces and **contrive** new ways to bind and guide the world. [...]. **Whatever of social importance** is done today, whether in politics, finance, manufacture, agriculture, charity, education, or other fields, must be done with the help of propaganda. **Propaganda is the executive arm of the invisible government** [=the criminal clique of psychopaths-in-control]. [...]. [Through propaganda] the invisible*

government [=the criminal clique of psychopaths-in-control] [...] **dictates our thoughts, directs our feelings and controls our actions** [e.g., Wear a mask! Self-isolate! Vitamin C for Covid-19 does not work! There are no effective Covid treatments! Get Covid-19 vaccines! etc.]. (Edward Bernays, 1891–1995, *The "Father Of Propaganda" & "Social Engineering"*, in 1928 [214]) [explanations & emphasis added]

Two of the world's top experts on psychopathy, Robert Hare, PhD, and Paul Babiak, PhD, have in fact referred to a psychopath as "a near-perfect invisible human predator" [68].

The two-prong Latin rooting meaning of the word "government" is "govern" or "steering" (gubernare) and "ment" (mens), referring to the mind [170] –"GovernMind". Also known as mind control, brainwashing, a war on consciousness (the control of consciousness), or psychological warfare. "GovernMinds" (governments) are about covert perception management, covert thought control, and covert behavior control through "the conscious and intelligent manipulation of the organized habits and opinions of the masses" by the governing (invisible) predatory psychopaths, (mainly) for *their* interests, agendas, and purposes [69,83,85,109,154,176,177,203,204,213-215].

The etymological origin of "governments" ("GovernMinds") discloses governments true "hidden" principal **political** function as a coercive clandestine tool of dictatorial power, control, and exploitation (i.e., an organized crime syndicate) behind a fluffy fake patina (a MASK of principal public benevolence) [39,82,85,114,175-177].

"Government" is the ruling psychopaths' institutional, cultural, and societal MASK of sanity and normality they are hiding behind and operating from.

The "civilized" psychopathic world (of governments) –under the control of pathological psychopaths [39,65,66,68-70,74,75-77,79,82,85,114,151,156,174-178]– is a conglomerate of ANTI-LIFE cultures because of the dominance and hegemony of this psychopathic battalion of mind-controlling social predators: they are preying on, manipulating, **deceiving**, controlling, exploiting, and destroying other people's lives.

An erudite woman with extensive knowledge about psychopathy explained this latent human plight:

"[...] the psychopath is a predator. If we think about the interactions of predators with their prey in the animal kingdom, we can come to some idea of what is behind the "mask of sanity" of the psychopath. Just as an animal predator will adopt all kinds of stealthy functions in order to stalk their prey, cut them out of the herd [=the psychopaths' classic "divide and conquer" tactic of deceit ^[69]], get close to them, and reduce their resistance, so does the psychopath construct all kinds of elaborate camouflage composed of words and appearances –lies and manipulations– in order to "assimilate" their prey." (Laura Knight-Jadczyk, Editor, Writer, And Author, in 2006 ^[216]) [explanation added]

Predatory psychopaths as natural schemers. Ruling predatory psychopaths are natural conspirators against the non-ruling people.

This deeper understanding gained by looking through a prism of human animal biology places *official manipulative* language (a.k.a "weaponized language") such as "conspiracy theory" –or most currently, "Covid-19 conspiracy theories"– in a whole new valid light and bestows it with a new layer of reality-anchored authenticity because that *deliberately disparaging* language is designed to mean for the public NOT to look into those directions and carefully consider and scrutinize those possibilities. It is *designed to induce self-censorship*, a process one could call committing "cognitive suicide" or engaging in mental-emotive suicide (recall that earlier I referred to language as "a censor to control social perception").

As an example in terms of "the psychopath constructs all kinds of elaborate camouflage composed of words and appearances –lies and manipulations", the controlling ravaging elite psychopaths completely understand and know that most people easily succumb to the error-susceptible misleading concept (i.e., a half-truth, a fake concept) of "perception is reality" (or "belief is reality") ^[69,217]. The genuine whole truth is that perceptions are *representations* of reality. As such they may or may NOT be truthfully, accurately, and authentically mirror or represent actual objective reality (authentic truth).

Top

Perceptions are only accurate, true, and authentic if perceptions (or beliefs) correspond and align with real objective reality (truth). If not, perceptions are misconceptions, deceptions, swindles, untruths, unrealities, disrealities, camouflages, "virtual realities" –delusions. And it does not change *anything* on the actual reality (truth) *no matter how firmly, faithfully, continuously, or stubbornly someone holds on to false perceptions, fantasies, fake truths – delusions*. Nor does a person's willful cognitive erasure (self-censorship, intellectual suicide) of, or vehement disagreement with, the accurate perception of the real reality alter the pristine truth (objective reality).

When faced with genuine reality (truth), the resort to those irrational anti-reality anti-truth practices only maintain such a person's ignorance or refusal of authentic reality, of actual truth. It means it only further cements a person's delusions.

Here are some examples of *authorized* artificial reality –i.e., disreality, an official perceptually fabricated false narrative, popularized passively-public-mind-indoctrinated cases of "perception is NOT reality", fakespeak– versus actual reality. Untruth versus truth.

Perceiving governing psychopathic authorities-in-power-and-control as honest, trustworthy, moral, honorable, humane people is most evidently NOT the genuine reality. The conscienceless soulless controlling psychopaths have even indoctrinated populations with the false belief (a big lie) of them, or false gaslighting perception of them, as "the elite" when in reality-based life they are the exact opposite –the scum of humankind.

Analogously, the US 'Federal Reserve Bank' (a.k.a "the Fed") is a criminal *private* corporation, or network, and not a genuine federal (i.e., governmental) agency [83,85,114,204,218-220]. So, the Fed's official name is a blatant deception, meant to fool people about the organization's sinister nature and operations by having the public falsely believe that it is a trusted government institution working for the interests of the public [83,85,114,204,218-220]. It is an officially authorized fabricated phony reality (i.e., a deliberate linguistic lie, a sleight-of-hand technique with vocabulary), a manufactured misperception of the gaslighting culture [83,85,114,204,218-220].

[Top](#)

Or, by now it should be palpable that it is a fake reality (i.e., a big official lie, a socially engineered deception) that there are no safe effective Covid-19 treatments, created by perception manipulation through censorship and suppression of this factual reality-based information.

Or perceiving the Covid-19 coronavirus as a looming killer virus that is going to kill everyone on earth is also a fake reality (i.e., an official propaganda narrative, a big authorized lie, an engineered deception by the so-called "health authorities" [102,103,111,112,123,125-127,136,137,165,209]) and NOT the authentic reality. Baruch Vainshelboim, PhD, an expert in pulmonary rehabilitation, succinctly unmasked and dismantled the official fabricated panic-mongering narrative (authorized fake perception, fake reality, fakespeak, plain big lie) when he pointed out about the Covid-19 coronavirus "SARS-CoV-2" (which stands for "severe acute respiratory syndrome-coronavirus-2") that "[...] 99% of the detected cases with SARS-CoV-2 are asymptomatic or have mild condition, which contradicts with the virus name (SEVERE acute respiratory syndrome-coronavirus-2)." [126] It's deception with language (a linguistic lie), applied to, and embedded in, the Covid-19 coronavirus definition –right in front of the general public's indifferent forever-non-learning noses. If you recall, prior I explained how a perverted inauthentic society uses language to shut in delusions, illusions, myths, taboos, and lies.

Therefore, all of these officially approved forged perceptions (and *a litany of others* floating around in the "civilized" fake cultures) are false manufactured perceptions.

They are public deceptions intended to fraudulently replace –symbolically, via propaganda, or mechanically, via knowledge omission (censorship)– what the actual truth is, what the actual reality is.

They are the ruling psychopaths' –saddled with their shiny "masks of sanity and normality"– callous manipulations of the truth.

They are official plausible lies, containing elements of truth.

They are manufactured bogus realities. [Top](#)

They are the leading psychopaths-in-power's creation of a "consensus reality", a "conformity reality", a perceptual unification of the mass mind. They are the leading psychopaths-in-power's artificial and deceitful catapulting of "majority agreement" or "herd endorsement" (consensus) to the **on-par** status of truth. A mendacious farcical adequation or interchangeability of consensus (mass conformity) with actual reality.

They are the leading psychopaths-in-power's criminal programming of the public mind (cultural brainwashing) –a *true* "thought crime".

They are non-reality-matching projections.

They are fabricated untrue public imaginations.

They are collective fantasies.

They are collective delusions.

As a matter of fact, the only authenticity, or whole truth, about an inaccurate false perception of reality is that it is a genuine delusion –instead of actual reality.

Delusional "thinking" –actually believing in delusions (fake truths, myths, lies)– needs a cognitive-emotional re-adjustment to factually line up with "what is" (authentic reality, real truth).

This continuous deceitful process, public perception management, is how the governing class of psychopaths *continuously creates a population in which the vast majority of people are deluded* –and, like zombies, are dutifully "doing the bidding" for their cunning psychopathic emperors.

So, the leading criminal psychopathic mind controllers deliberately abuse this powerful misuse-prone specious belief ("perception is reality") to manufacture, through unethically manipulative linguistic-cognitive maneuvers (the manipulation of symbols, information control), *a continuous string of perceptual delusions by which they control populations, from cradle to grave –whereby the entire sick culture*  *one gigantic mind-manipulation*

contraption, a deception factory– for their own nefarious interests and predatory purposes [69,83,85,204,217,250].

Understandably, the controlling psychopathic predator class has been utilizing this convenient efficacious concept for their own benefits for centuries [85], at least. For the psychopathic deception purveyors-in-power it is an instrument of mind control, a tool of thought manipulation, a recipe for the homogenization of thought –a means for social deception. Hence, we have the reigning psychopathic liars' *constant* selling of lies. Their social engineering of public perceptions.

The ongoing **Official Covid-19 Crimes-Against-Humanity Holocaust** (i.e., the authorized, “scientific”, socially engineered, criminally Kafkaesque, misnamed pandemic) [53-55,57,59,61-64,84,94-137,165,172,209] is the perfect example and proof of their systemic perception management of the global public through deliberate omission (censorship) or distortion of true facts and real knowledge, through “persuasive” false logic, and through repetitive propaganda narratives –with fake slogans, fake news, and fake facts served to people anywhere by their controlled complicit mainstream medical media and mainstream news media propaganda apparati [3,85,111,112,114,165,176,177,221,222]– which they are *natural* experts at fabricating and brainwashing the never-learning general public [20] with.

In the contemporary sick immoral psychopathic world, a world controlled by a ruling mob class of elite psychopaths, *the reliable norm is that “perception is delusion”* because socially engineered perception equals “perception is deception” instead of “perception is reality”. To say it differently, *the norm* is that perception is NOT reality” in a *psychopathic* world (a world dominated by half-truths, truth perversions, lies, deceptions, manipulations, fake news, fake science news, fakespeak) as we have been living in for quite some time.

A tragic general consequence of this *normalized* perverted condition is that *authentic reality becomes the implausible truth*.

Lies, deceptions, and delusions are “normal” –plausible.

Genuine truths, legitimate facts, and actual realities are “abnormal” –implausible.

The “successful” insidious normalization process of this collective gaslighting mind rape is based on a principle uncovered decades ago by a social

psychologist I'd written about elsewhere [223].

Further, it is also not surprising but **NATURAL** for psychopaths to selfishly abuse this "self-evident" mirage, this false belief, this public relations cliché of propaganda, this mind-based deception "device", this sneaky delusion-creating concept called "perception is reality". Because the manipulation of the highly malleable abstraction of "perception is reality" –creating, untruth, unreality, disreality, deception and delusion– *naturally* parallels and illustrates one of their cardinal constitutional personality hallmarks: their "mask of normality" [69], their "mask of sanity" [151]. As **naturally inauthentic**, deceptive, manipulate people wearing "masks of sanity and normality" they inherently create **naturally inauthentic** "MASKS of reality" –i.e., artifacts of reality, mock realities, pseudo-realities, make-believe realities, illusions, myths, disrealities, camouflages, deceptions– as a matter of routine, pathologically, predictably. It is simply the inevitably destructive anti-sanity, anti-normality, anti-realness consequence of being a psychopath in action, in practice.

And **most significantly**, the prime mask of reality, fake fact, myth, fantasy, or gaslighting truth (i.e., lie), the leading psychopaths want everyone to perceive ("know") –for instance, via their owned and controlled entertainment industry ("Hollywood")– is that they are "normal humans so they can continue to deceive us, control us and use us for their own power and glory" [69,244]. When the real fact is, as stated earlier, that they – compared to pathological non-psychopaths– are **organically diseased, fundamentally ABNORMAL** people with **physically defective** brains (e.g., neurological tissue damages), which *externalizes as mentally, ethically, and emotionally defective people*, rendering them callous heartless destructive social predators behind an *effective mask* of sanity and normality [65,66,68-70,72-75,77,151,152,156,205-207].

In brief, a psychopath does NOT possess the physical neurological "hardware" to be a holistic authentic ethical humane person.

Psychopaths are, therefore, humans' highly dangerous vulturine enemy **WITHIN** its own species –**a most dangerous subspecies** ("a para-**Homo sapiens**" [245]).

Not surprisingly, conformists (“ordinary”, “conventional”, or “normal” people) who “fit in”, who are conditioned and indoctrinated to readily go along with social norms and behavior patterns –exposing their immense susceptibility to suggestions and perceptual manipulations– are typically easier to control and brainwash (i.e., they are the easy prey) than non-conformists (so-called “dissenting”, “subversive”, or “abnormal” people) [215]. Because “normal” folks tend to rigidly and mindlessly obey the deceptive rulers and faithfully and blindly “follow the herd” (i.e., the captured prey) –materializing the nature of their demented culture's “educational” system– while non-conformists have learned to think [see Einstein's prior quote] rather than unthinkingly cave in to perceptual deceptions and suggestions (e.g., officialdom mind-control propaganda, such as “wear a Covid face mask”, “get your Covid-19 vaccines, etc.).

With a true knowledge-empowered, critical, flexible, adaptive, independent, *liberated* mind other deep realities become visible.

As an example, Dr. Carter elucidated (as aforecited) that politics secretly controls the practice of allopathic authorized medicine, largely unbeknownst to the general public. Yet even more unknown is the true fact (substantiated with a prior quote by Bernays [214]) that politics secretly controls practically everything of significance in every “advanced” “free” “open” “civilized” society of today's corporate world, dominated for over a century by a globally operating organized criminal network of power & control-addicted parasitical master psychopaths, many of which operate outside the limelight (i.e., they're hidden invisible, akin to viruses or apex stealth predators, “Deep State” entities or “Invisible Government” operators) [21,69,83,85,110,114,157,161,175-178,204,210,213,214,224-236,251].

This global dominion by ravenous psychopathic human predators is emblematic of an ultimate constant historical human reality –**a pink elephant in the room, the historical room**– the public at large anywhere (whether so-called intelligent or unintelligent, so-called educated or uneducated, so-called spiritual or unspiritual, so-called moral or unmoral, men or women, young or old) has still not recognized (i.e., learned): the perennial rule and relentless expansion of pathological evil (psychopathy), largely in insidious clandestine ways as “invisible human predators” [68] or “social pathogens” [65] (akin to killer viruses), throughout the cultures and

the world in general, tantamount to a malignant cancer metastasis [21,39,65,69,79,82,114,143,174,178].

The evolution of psychopathy instead of the evolution of humaneness.

The devolution of humaneness instead of its evolution.

The evolution of psychopathy instead of its devolution.

The evolution of Darkness instead of the evolution of Light.

The evolution of an Endless Dark Age.

The endless non-existence of an Enlightenment Age.

Most unfortunately for the survival of humanity (and life anywhere), “civilized” humankind is extremely far ahead on this untenable suicidal –and very conceivably omnicidal– pathological path of humanistic devolution [39,65,69,79,82,83,114,174,178,204].

Inarguably, THAT is (and always has been) the most destructive **REAL** pandemic –a true global human infestation, a world-wide plague– *everyone* should be extremely terrified of.

Official allopathic medicine and mainstream science are operational elements (i.e., institutions) of the overarching hierarchical socioeconomic system [27,39,86,87,237]. And this depraved prodigious pathological profits-over-lives business structure, system, or network, serves primarily the globally dominant small stable, or caste, of reigning exalted plutocratic psychopaths (“the upperclass”, “the 1%”) that exploits the large masses of non-dominant non-ruling people (“the underclass”, “the 99%”) around the globe [21,39,82,83,85,110,143,156,157,160,161,176-178,204,213,214,225,226-228,230-235].

The *willingness and drive to exploit other people* is a typical ramification of a core attribute of psychopaths: a lack of empathy and compassion due to a missing conscience [66].

The same sort of completely criminal crew of leading narcissistic profit-and-control-above-all-else, emotionally dwarf-sized psychopaths [65,66,71-74,152] who are responsible for the ongoing century-long medical mass murder through the oppression of unconventional medicine –deliberately using manipulation, trickery, lies, and coercion [28-36,38,40,42-45,47,48-51,57,58,61-

63,131]– and who have been long perpetrating other enormous inhumanities and genocidal operations of “continual lawless mass murder of civilians across the world” [76,143,160,161,175-177,210], is whom you are now supposed to mindlessly believe, trust, and obey their mendacious mono-narrative, official declarations, and authorized policies about Covid-19.

It is completely illogical, ridiculous, absurd, surreal, and insane, of course.

YET, the vast majority of people do, across the globe, representing a global mass psychosis, a collective madness –a pandemic of insanity.

Anthony Hall, PhD, an Irish-Canadian historian and author, called it “herd stupidity” [251]. Or, as the poster of a sane protester of the Authorized Covid-19 Holocaust read:

"If you've ever wondered whether you would have complied during 1930s Germany, now you know."

And this collective mad *modus operandi* has been transpiring DESPITE that a slew of people –including US Presidents, governing psychopathic overlords, or their associates, “insider whistleblowers”, and caring alert individuals– *long ago told everyone, over and over to this day*, using telltale unminced language that this criminal pack of psychopaths wants world-wide total control (which they have been demonstrating by action), that they exploit everyone, and that they manipulate and control everyone's thinking and behavior in a streamlined fashion (the deliberate “manipulation of the organized habits and opinions of the masses”)

[39,79,82,83,85,114,178,204,213,214,224]!

It marks a painfully grim ever-repeating reality that confirms the evaluation of the characteristic historical decorum of humans by Georg Wilhelm Friedrich Hegel (1770–1831) some two centuries ago –people never have learned anything from history or acted on principles extrapolated from it [20] (see the article's opening quote).

The obvious implication is that a re-capturing, re-owning, and opening up, expanding, and liberating of one's own, calcified-by-indoctrination, fear-injected mind –a hygienic psychological  deep cleaning, a de-brainwashing– to

attain a free sovereign mind seems to be THE most important, albeit vastly unrecognized ("invisible"), essential task of self-healing for the megamajority of people (young or old, "educated" or "uneducated", "intelligent" or "unintelligent", religious or non-religious, "spiritual" or "unspiritual", rich or poor, men or women) that they're unaware of, or deliberately want to be unaware of.

In fact, a major reason for the ubiquitous historical non-learning, non-wisdom, and inertia by people at large appears to center around something Mencken observed a century ago:

"The majority of men prefer delusion to truth. It soothes. It is easy to grasp. Above all, it fits more snugly than the truth into a universe of false appearances –of complex and irrational phenomena, defectively grasped. [...] an idea that is true is thus not likely to prevail [...]." (H. L. Mencken, 1880-1956, US Journalist, Essayist, And Social Critic, in 1918 [238])

Most people's willful choice of unrealness (delusion) over realness (truth).
Most people's deliberate choice of inauthenticity (fantasy) over authenticity (reality).

It epitomizes another ultimate constant historical human reality, **another – second– pink elephant in the room, the historical room, too.**

The enduring human history-backed delusion of most people to **continually** trust the leading authorities –DESPITE that they're **continually** lying to them and deceiving them.

The enduring human history-backed delusion of most people to **continually** believe the ruling authorities-in-control have their best interests in mind – DESPITE that *the practices* of the governing authoritarians **continually** serve primarily their own best predatory interests.

The enduring human history-backed delusion of most people to **continually** obey the authorities-in-power –DESPITE that their controlling cult of leadership is **continually** exploitative and highly destructive to both the public and nature and, therefore, does not deserve to be obeyed.

The enduring human history-backed delusion of most people to **continually** believe the governing authorities's narratives (WORDS) –DESPITE that they **continually** churn out self-serving mendacious propaganda.

The enduring human history-backed delusion of most people to **continually** have faith in the fundamental “goodness” of the dominant authoritative rulers –DESPITE that they **continually** manifest and expose their fundamental “badness” (criminality, psychopathy, evilness) by their ACTIONS and PRACTICES.

The glaring historical evidence is, therefore, that most members of “civilized” human animals are unwise and stupid –to drive, using blunt uncensored language, Hegel’s observation to its implication prohibited by the “advanced” “free” “civilized” human collective (representing a topic of non-discussion, a taboo).

Indeed, various leading psychopaths in positions of authority, or their adulators, throughout contemporary history have referred to the general masses of people as being “deaf, dumb and blind”, as “simpletons” or “useful idiots” [239,240]. Or “the dead” because the ruling psychopathic human predators consider, quite rightfully but completely ironically, the non-ruling people (the public) intellectually, emotionally, spiritually, and morally dead, incapable of learning, incapable of recognizing or admitting what they are really doing to them [241].

The glaring historical evidence is that most people are impervious to –or self-immunized against– actual reality (truth, that which authentically is or exists).

The glaring historical evidence is that most people are **willfully** ignorant (ignore-ant) because they prefer delusion over truth. It's a **deliberate** choice in favor of fantasy over truth. It's a **deliberate personal decision** –made day after day– to be ignorant of truth, of reality, of that “which is”.

The glaring historical evidence is that the overwhelming majority of the non-ruling public anywhere is as little interested in the truth as the ruling psychopaths-who-should-not-be-in-power.

The general public has a preference for delusion over truth.

The governing oligarchy of psychopaths has a preference for deception over truth.

Truth is the eternal underdog, loser, and victim in the equation when it would be the eternal role model, champion, and hero *in a healthy world populated by psychologically sane, wise people*.

The collective ramifications of these actual human realities are absolutely horrific. Because the abovelisted, and a myriad of other similar, surreal delusions **inevitably translate and lead to immense ancillary inhumane practices by the non-ruling general public** ^[143].

For instance, after a sizable number of erudites and truth-tellers have perennially alerted the public for over a century about the driving self-interested political opus vivendi of the global official medicine cartel ^[28-36,38,40,42-45,49-53,55,56,58,62,63,250] much of the open "secrecy" about this real fact –which spells ongoing holocaustal practices by this extremely criminal mafia clique of elite psychopaths– is now (or always has been) mostly due to the irredeemable indifference, apathy, complacency, inertia, and deliberate ignorance (ignore-ance, an act of ignoring) of the general public (as opposed to nescience, not knowing due to the nonexistence or unobtainability of knowledge).

That's *why* a lucid Orwell, in his priorcited quote ^[93], explained that in order for someone to recognize what's going on in plain sight ("in front of one's nose") there "NEEDS" to be "a CONSTANT STRUGGLE". Which is the OPPOSITE of an ordinary state of indifference, disinterest, apathy, inertia, complacency, and willful ignorance. A state of being that allows and enables heinous crimes and inhumane atrocities by the psychopaths-in-control (with their organically diseased, biologically defective, physically abnormal brains resulting in their twisted inhumane "mentalities and hearts") ^[65,66,68-70,72-75,77,151,152,156,205-207].

Importantly, Hegel (and others ^[e.g., 21]) does *not* exclude any particular category of people in his assessment of ^{people's} historical conduct of **un**wisdom. The axiom applies to both so-called unintelligent people and so-

Top

called intelligent people (after all, Hegel's dictum includes "governments", which are made up of allegedly intelligent people, such as its leaders), to both so-called uneducated people and so-called educated people, to both so-called moral people and so-called immoral people, to both so-called spiritual people or non-spiritual people, to both so-called religious people and non-religious people, to young people and old people, to poor people and rich people, to men and women.

Of equal significance, Mencken's notion that "the majority of men prefer delusion to truth" –soothing easy to grasp delusions to complex truths [238]– implies, too, that people *in general (without distinction in categories)* are delusional, irrational, illogical, myopically self-absorbed, lazy, careless, pathetic, ignorant, irresponsible, immature, foolish, sick, diseased, psychotic, insane, unethical or cowardly.

Are these implications the prime reason why no matter the scale and the endless historical record of high crimes and most inhumane heinous atrocities against populations committed by the controlling psychopathic criminals-in-action, the megamajority of the public (whether officially educated or uneducated, officially intelligent or unintelligent, religious or not, spiritual or not, young or old, poor or rich, women and men) does not (want to) recognize and acknowledge –i.e., wake up to, and face, the real fact (objective reality) right in front of their unwise noses– that a gang of evil psychopaths (a cabal of affluent elite gangsters) is ruling, controlling, exploiting, disempowering, or otherwise seriously harming them? What else can one reasonably assume?

The willful chronic delusion-over-truth preference by most people [238] is a self-deleterious self-defeating formula that routinely puts individuals to sleep in relation to truth. A principal orientation TOWARDS welcoming myths and comforting lies is a principal orientation AWAY FROM unwelcoming facts and discomforting truths.

Delusion over truth is unrealness over realness –untruth over truth.

By wittingly preferring delusion (unrealness) to truth (realness), the priority of focus of most people shifts to engagement with fantasies, myths, and the preoccupation with a litany of other comparable "soothing" diversions and

“cozy” distractions. All the while their much needed attention to “unsoothing” truths and “uncozy” authentic realities diminishes, *and as a result collective ignorance, indifference, inertia flourish –and grand inhumanities proliferate.* It amounts to the general public's deliberate participation (being a “part” of the problem) –via willful “blissful ignorance”, apathy, and inactions– in the ruling psychopaths' countless crimes against humanity and other forms of life.

Unfortunately, deliberate ignorance of reality (truth) is *not a constructive* option and is *intrinsically non-adaptive* in an environment controlled by exploitative psychopathic predatory parasites (i.e., the leading gangsters-in-power). It lowers a person's chances of survival.

Willful ignorance is anti-life.

Ignorance is disempowerment.

Truth is empowerment.

Applied knowledge is empowerment.

These factual realities nullify the popular, seductive –albeit self-defeating, self-disempowering, dangerous– fantasy, delusion, or cultural gaslighting idea that “ignorance is bliss” (or a similar fake adage: “Don’t say it out loud, and it won’t be true.”). A mad culture (or cult-ure) indoctrinates its inhabitants that darkness (ignorance) is good and light (knowledge, truth) is bad.

The lasting great “success” of the aforescribed “perception is reality” concept, which is susceptible to deceitful fabrications and illusions, is *notably enabled, aided, and strengthened by the fact that most people have an affinity for fantasies (over truth).*

The concept “plays into the hands” –and are *in* the hands– of *both* pink elephants in the historical room.

The solid reality is that the major officially engineered, approved, and managed Covid-19 story lines are –from the very start– political deceitful dogmatic narratives (like the fakespeak about vitamin C for Covid, or about allegedly effective safe Covid-19 coronavirus vaccines) –and are not unpolitical truthful impartial narratives [56,55,57,59,61-64,84,94-

137,165,172,209]. As alluded to, official narrative management is the authorized propagandistic programming of public perception –public mind control with misleading or false explanations, declarations, scripts, memes, rumors, lies, and clichés by the authoritative “GovernMind” of psychopaths [65,66,68,69,137,217].

If everything in any diseased culture comes down ultimately to the control of one's mind (consciousness control), the control of public perception via fake narrative (fakespeak) is a most crucial element in *the hijacking and sequestering of the overall **true** reality* that the Covid-19 coronavirus “pandemic” is a manufactured crisis, a stupendous political fraud operation. **Another** genocidal mega crime against humanity, going on right in front of the general public's complacent inert willfully sleeping noses (see aforecited Hegel/Orwell/Curtin quotes)– a reality inversion hatched by the controlling exceptionally criminal psychopathic upperclass [53,54,57,59,61,64,84,102,109,114,116,123-125,130,131,135-137,209].

This is hardly difficult to imagine or understand for any rational interested concerned (i.e., non-deluded, non-indifferent) awake person considering that the worst faction of elitist psychopaths in the world *can keep a **real** global medical holocaust* –that's been ceaselessly going on for well over a century and continues today, right in front of the general public's self-contented careless non-acting acquiescent noses (see aforecited Hegel/Orwell/Curtin quotes)– “*perceptually canceled*” (“*plausibly non-existent*”) in the public mind.

And so the “civilized” world population at large is (deliberately) unaware of the gigantic Covid-19 profiteering racket. The **inhumane** suppressive criminality against vitamin C for Covid is but *ONE highly conspicuous firm clue* of **The Big Covid-19 Con** –happening right in front of the general public's willfully complacent yielding slumbering noses. Just as the general public is, and has been, unaware of a multitude of vital discomforting truths right in front of their self-contented heedless passive noses [160,161,175-177,210] because “the majority of men prefer delusion to truth” [238].

The priorcited “**2 pink elephants in the historical room**” –most people's predilection for delusion, and the endless rulership and proliferation of psychopaths (i.e., the scum-based icons of fakery and mind games)– are

Top

closely related to each other. In fact, they're *married* as a “perfect” match made on earth: a highly deceptive human animal married a highly delusional human animal.

It's like the relationship between stage magicians and audiences who love them. Psychopaths are like stage magicians who give their magician-applauding audiences illusions that have the *appearance* of truth [242] –in imitations of “perception is reality”.

And so, “the two pink elephants in the historical room” –the delusional pink elephant and the deceptive pink elephant– have been “successfully” (i.e., symbiotically) married for thousands of years in loyal intimate codependency. Displaying a mutual superficial outer facade of “feel-good” charm, “don't worry, be happy” optimism, and a grotesque general “all is good” mentality of oblivion (i.e., a collective reality denial).

The global “phenomenon” of a demented 2-class structure (i.e., a ruling class versus a non-ruling class, masters versus serfs) –which has been in existence since at least the dawn of “civilization” [39,82,143,174,178]– is rooted in, and sprouted from, *the natural individual constitutional conditions* of these two ancient married pink elephants. The **historical permanency** of the 2-class social order is a natural mirrored manifestation of the **historical permanency** of the organic physical brain defects of psychopaths (i.e., psychopaths are incurable [69,151,152,205,243-245]) AND the **historical permanency** of most people's appetite for delusions-over-truth. It is the externalization of the degenerate mirror realities of each other. It is internal reality manifesting in external reality:

“As above, so below; as within, so without; as the universe [or the world], so the soul [i.e., the lack thereof as with “civilized” humankind].” (Attributed to Hermes Trismegistus) [explanations added]

Since there is a *biological* separation, or division, between psychopaths and non-psychopaths [65,66], in a *real* sense, they actually do live in two tangibly different, albeit complementary, worlds (or “classes”).

The order-following delusional pink serf elephant makes sure, self-servingly – via deliberate ignorance, indifference, and truth neglect– that it never “sees”

Top

the true objective reality about its order-giving mate, the deceptive psychopathic pink master elephant. Thereby giving the ruling psychopathic pink elephant its **practical** control and power. This makes the non-ruling delusional pink elephant the MORE accountable, more responsible, more culpable player –the *ultimate* cause– in the human equation of evil-doing, the human condition. And, in a *mutually enabling dance of lunacy*, the deceitful psychopathic pink elephant empowers the indifferent truth-loathing delusion-imbibing pink elephant with an endless supply of fantasies, myths, fairy tales, half-truths, fake news, and "plausible" lies.

Of course, as a symbiotic co-dependent married pink elephant couple they both make (as explained prior) abundant use of the "perception is reality" concept. All on their own accord, independently –inherently.

The delusional pink elephant in the historical room –the delusion-over-truth megapopulation– naturally lives by the concept of cozy "delusions are reality".

The deceptive pink elephant in the historical room –the predatory class of governing psychopaths– naturally lives by the concept of brilliantly cunning "deceptions are reality".

The two married pink elephants in the historical room embody, de facto, an apathetic docile delusion-over-truth *addict* naturally bonded with a predatory domineering deception-over-truth *addict*.

With addiction comes truth denial, truth hostility, reality omission, and bizarre rationalizations and justifications for the (self-)destructive addictive affliction. And with the neglect and abandonment of truth comes the neglect and abandonment of humaneness and love. And, instead, the rise and dominance of practices of inhumanity and unlove –psychopathy and lunacy.

So, the extremely harrowing reality for the *relatively very few* individuals who *genuinely* do not (wholly) belong to this self-contented despicably destructive soulless pink elephant combo is that they are up against BOTH pink elephants and not merely the ruling psychopathic pink elephant –the always convenient popular scapegoat of the atrocities-enabling delusional pink elephant.

Why has the married tandem of pink elephants in the historical room remained “hidden” right in front of most people's inert indifferent self-hypnotized noses throughout the history of human civilization?

As equivalent *truth-hostile reality-hostile, realness-hostile* creatures both elephants naturally do not want to see and acknowledge the truth –especially an unflattering one that exposes both of them for *what they **really** are*. This crux holds true even if the truth is right in front of their noses –or is repeatedly and intentionally put there. Self-censorship (mental suicide) and self-gaslighting –and collective self-censorship and collective self-gaslighting– PERCEPTUALLY and SYMBOLICALLY assuage, obliterate, or reverse those undesirable disastrous truths ^[151]. Of course, these self-deluding shenanigans –*collective self-serving evasions into mutual truth denialism (collective cognitive suicide)*– do not change anything on the real truth, on the actual true reality. These immature antics are unshakable evidence that the human species is an extremely unwise living animal creature.

For instance, near the start of this treatise I elaborated on how language is an instrument to either acknowledge and reveal or not acknowledge and hide truths and realities through collective perception management. Since the married pink elephant pair is a historical anti-truth entity “politically correct” “culturally permissible” general language has been customarily used to deflect, blur, twist, combat, censor, or destroy “politically incorrect” or “culturally impermissible” truths.

By **not** collectively using correct language (e.g., not broadly calling the governing authorities of nations anywhere “psychopaths”, or not calling the US government “the US regime” or the collaborating-complicit governments of other nations “US regime-allied governments”, etc.; and instead gaslightingly referring to the ruling authorities as “the elite”) the public is actively helping to hide **FOR them –on their behalf– and for themselves** (=lying to themselves, holding on to delusions, self-deception, self-propaganda) what the true reality is in terms of who and what they *actually* are.

By using anti-truth language, non-ruling people have been actively helping the ruling functional psychopaths to stay undiscovered (hidden, secret).

By using anti-truth vocabulary, non-ruling people have been actively helping the ruling functional psychopaths to operate unbothered in clandestine ways.

By using anti-truth language, non-ruling people have been actively helping the ruling functional psychopaths with their perpetual instigated crimes-against-humanity.

By using a false choice of vocabulary, non-ruling people have been complicitly covering for the ruling brain-damaged psychopathic criminals – rendering *themselves* deeply inhumane (evil).

Because truth apathy and reality denial isn't conducive to **constructive authentic** learning I presume the dearth of genuine interest in the untainted actual truth by the overwhelming majority of people is the *principal* reason why people anywhere remain “ignorant of their real condition” [21] despite that “the means for imparting information have been conducted on such an extensive and magnificent scale as at the present time” [21] and why people anywhere “never have learned anything from history, or acted on principles deduced from it” [20].

As opposed to the notion that people are (solely) helpless innocent victims of the relentless deluge of propaganda (disinformation) by the power network of psychopathic dominators, controllers, and fraudsters. The latter explanation is, of course, the exclusively preferred choice by most people. And circulated widely by many (disingenuous, ignorant, or unconscious) intellectuals and whistleblowing individuals who, for the most part, fairly accurately describe the psychopathic pink elephant in the room (although rarely referring to it by its true name, a pathological psychopath, thereby contributing to the concealment and confiscation of authentic reality). As expected, this latter view (i.e., non-ruling “civilized” people as alleged innocent, nearly mere “poor victims”) is highly popular – *a convenient collective self-delusion* – among most non-ruling folks because it self-servingly relieves them of personal accountability, responsibility, and culpability in the equation.

Fundamentally, the *synergistic combination* of these two symbiotic aspects of the two married “civilized” pink elephants in the historical room – their

Top

mutually enabling individual practices of a personal preference for delusions over truth and a continual bombardment with mendacious establishment propaganda (deceptions)– has the overall greatest harmful impact ^[160].

The presence of pathogens in an environment (including the Covid-19 coronavirus ^[53]) isn't the prime factor whether people become ill. It is the quality of the (internal and external) environment of a person. A healthy environment (e.g., a robust internal “immune system”) defeats malignant pathogens. In analogy, the psychopathic pink elephant's deceptions find fertile ground in the other partnered pink elephant's fondness for delusions. Hence, the global hegemony of psychopaths proves that the megamajority of people are unhealthy and diseased possessing weak unstable degenerative mentalities which represent the nourishing –*enabling and manifesting*– environment for the psychopaths' constant deceptions and manipulations.

This symbiotic configuration (i.e., the two married pink elephants in the historical room) epitomizes a dynamic, from-top-to-bottom, from bottom-to-top, self-perpetuating, self-reinforcing anti-life circle – and, ultimately, a self-defeating self-destructive long-winding downward spiral, a funnel, a vortex.

In this symbiotic form and capacity, this truth-indifferent, morally blank, humanistically regressive, albeit technologically progressive, humongous beast has been hurdling down “civilized” human history ravaging the entire planet –with a most logical end in sight.

Carl Sagan, (1934-1996), a well-known US astronomer, astrophysicist, and author, ominously hinted at “a most logical end in sight” (although coming to this conclusion from a somewhat different angle) when he wrote this in 1995:

“We might get away with it for a while, but sooner or later this combustible mixture of ignorance [of the public majority –i.e., the delusional pink elephant] and power [of the governing authorities –i.e., the psychopathic pink elephant] is going to blow up in our faces.” ^[252] [explanations added]

This symbiotic venomous constellation –“this combustible mixture”– comprehensively, coherently, and foundationally explains “why

Top

things are the way they are” [140] during the Covid-19 era, or any other time in the annals of human history, because they are the doomed corollaries thereof.

As humans prefer easy-to-understand soothing “feel-good” delusions (i.e., they crave myths, illusions, fairy tales) and are disinterested in, and apathetic to, harder-to-understand or discomforting truths (as Mencken [238] and others denoted) –and, therefore, *possess a poor receptiveness, willingness, and ability to distinguish between delusions (e.g., authoritative declarations, official narratives, fakespeak) and authentic realities (real truths)*– they are very susceptible to deleterious authorized disinformation (propaganda) always supplied to them in spades in the form of persuasive simplistic sound bites by the habitually governing, naturally deception-creating, top psychopaths in positions of power and control [21,109,154,176,246] (see the earlier segment on the abuse-prone concept of “perception is reality”).

This symbiotic catastrophic configuration means, and has always meant, that BOTH pink elephants –the ruling psychopaths and the interrelated non-ruling delusionists among us– must be actively fought simultaneously.

Contrasting this factual historical reality of the two married pink elephants “right in front of our noses”, in modern times many so-called or self-styled “positive” or “optimistic” people, typically carrying a cherished facade of open-mindedness, have claimed that humanity is undergoing an “expansion of awareness” or an “evolution of consciousness”, that a “wide awakening” or “spiritual awakening” is happening, indicative of a systemic cascading leap in intelligence, ethics, and wisdom –and commensurate behavioral ramifications thereof– across the planet.

Of course, this welcoming self-decorating “feel-good” CLAIM –or, rather, illusion, fantasy, wishful thinking, delusion, self-gaslighting– is at variance with the unwelcoming **reality-based** observations (i.e., authentic perceptions) of numerous eminent individuals throughout human history who noted that people don't learn from history. Here again, we encounter a situation of “ACTIONS (reality-certified PRACTICES) speak louder than WORDS” (or magical thinking). But in this particular case mendacious words are being dished out generously by delusional members of the non-ruling

Top

public rather than the mentally-and-emotionally defective psychopathic power syndicate.

The observable fact and objective external reality of “herd subservience” [114], that the vast majority of people around the world (whether so-called intelligent or unintelligent, so-called educated or uneducated, so-called spiritual or unspiritual, so-called moral or unmoral, rich or poor, men or women, young or old) has been compliantly buying into the official, contrived, fear-driven, repetitive Covid-19 propaganda (falsehoods, fakespeak, lies, absurdities, illusions, half-truths, deceptions) –evidenced, for instance, by their systemic behavioral obedience to the dictated ludicrous destructive mandatory emergency policies (e.g., mask wearing and self-quarantine for everyone, general global lockdowns [59,99,111,112,114,117-121,126,129,165]) and to get *incredibly dangerous faintly effective experimental* Covid-19 vaccinations [53,64,128,130-133,135,145,146,172]_ demonstrates empirically the woeful collective **absence** of a wide awakening, rise in awareness, and broad consciousness expansion in the present time.

It factually documents the *non-existence* of a surge of intelligence and the *non-presence* of mental, moral, and behavioral wisdom of the psychopathic-delusional coronaworld as a whole.

In fact, it shows general humankind's “leap in unconsciousness”, a progression and elevation of a “lower consciousness”, an “expansion of oblivion”, an “escalation of moral decay”, an “advancement of spiritual deadness”, a “giant surge of delusion”, the “devolution of consciousness” – and the “devolution of collective humanity” (humaneness).

Observations by an unencumbered journalist come to mind:

*“Believing something because everyone else believes it is stupid. Believing something because everyone else believes it **in an information ecosystem that's controlled by powerful sociopaths [=psychopaths]** is insane.”*
(Caitlin Johnstone, Australian Writer, Independent Journalist, And Social Critic, in 2020 [247]) [explanation & emphasis added]

Some astute individuals remarked that this *insanity by the majority of “normal” people* has all the hallmarks of a religious cult with a psychopathic

Top

priesthood leading it. Such as unmindful ("blind") belief in the official story line, non-thinking ("blind") faith in authority, mindless ("blind") obedience to authority, a dress code (e.g., the wearing of Covid-19 face masks), behavioral standards (e.g., staying six feet/2 meters apart from others), no questioning of and distrust in the "authorities", "officials", and "experts". And, the sane thinking mindful non-believers (the "abnormal" people) –who don't believe in, and obey according to, the cultists' twisted morally hollow lunatic world view– must be shunned, shamed, or punished (i.e., violence must be used against them).

It appears to me that –"invisibly", right in front of their noses– so-called civilized humans have perennially been lacking and, thus, been urgently needing a "realness revolution" or a "truth revolution", rather than a "religious revolution", an "industrial revolution", a "technological revolution", or a "communications revolution".

True awareness or a deep awakening (and, to some extent, humaneness such as compassion) are acquired only with an authentic prime interest in the truth (unadulterated facts, real reality) and being intellectually honest and unwavering about it.

Operating from delusions –i.e., "living in fantasy land"– never leads to enlightenment, a true "spiritual awakening", an actual "leap of awareness", or an authentic "higher consciousness".

Indeed, a famous proverb (which basically conveys the same message as Confucius' tenet cited in the "Introduction") tells us that...

"the truth sets you free" and

not that "the fake realities, the lies, the myths, and the delusions set you free",

nor that "the authorities set you free".

Coincidence or wisdom?

It is *no* coincidence that the deeper, *reality-exposing* implications of that axiom, as I just spelled it out, are almost never, if ever, taught, discussed, or disseminated in our truth-hostile truth-impounding "civilized" world. Because almost everyone operates according to the latter two *non-wisdom* criteria. So, it is a collective taboo, locking in an impermissible reality, a "collectively

Top

inconvenient" –thus, "collectively forbidden"– truth.

How do we find the truth of things, the real facts, the actual reality?

A related well known aphorism provided the answer...

"seek, and you shall find".

"Seek" means "to look for" or "to search for" [170]. It's an activity, an action, an *active* process. It takes a personal effort.

The adage does

not say "believe and trust what the official authorities tell you with their declarations and you shall find the truth"

nor "accept as truths what the government is telling you".

Coincidence or wisdom?

Again, it is *no* coincidence that the deeper, *reality-exposing* implications of that axiom, as I just spelled it out, are almost never, if ever, taught, discussed, or disseminated in our truth-hostile truth-impounding "civilized" world. Because almost everyone operates according to the latter two *non-wisdom* criteria. So, it is a collective taboo, locking in an impermissible reality, a "collectively inconvenient" –thus, "collectively forbidden"– truth.

"Believing", "trusting", and "accepting" as truth what the establishment authorities are dispensing are all on their own a non-activity, an inaction, a *passive* process. It takes no personal effort. Despite that this maxim of "seeking the truth" has been widely known and sporadically taught since antiquity, relatively extremely few people (including "religious" folks), at any time in history, seek the truth in actuality.

It is easy to see why:

Truth takes effort, faith (belief) takes no effort.

Personal convenience versus personal inconvenience.

Meet the egoic self-centered apathetic delusion-over-truth pink elephant in the historical room.

Logically, a *perennial* state of dominant less wallowing in delusions and

fantasies –and passively trusting the characteristic endless mendacities and deceptions of the leading psychopathic authorities– can only result in a *perennial state of humanistic unawareness, humanistic unenlightenment, humanistic unrealness, humanistic unprogress, humanistic enslavement, and humanistic degeneration*. All of which is mirrored in the contemporary “civilized” psychopathic state of the world and the general history of human civilization. It is the gradual loss of THE characteristics that's supposed to make the human animal “human” or “humane” –rather than merely being an animal.

Humankind's historical collective delusional “thinking” and behavior is why the human **animal** has not made it (yet) out of the Dark Age of the human **animal** realm (review the history of “the two married self-styled civilized pink elephants in the historical room”). Although assorted human animal delusions believe or proclaim otherwise. If realistic sincere sane people were to look back at today in a century or five centuries from now they'd squarely and rightly think of us as Dark Age folks.

And so, the following questions are rather easily, firmly, and emphatically answered because “experience and history teach [...] this” [20]:

Considering the ancient pedigree that people “never have learned anything from history, or acted on principles deduced from it” [20], do we finally recognize and genuinely acknowledge the *ubiquitous virulence* of the deliberate general repetitious disinformation (brain-washing propaganda) by the obscenely wealthy savage group of profit-and-control-above-all-else psychopaths in powerful positions of authority?

Considering the ancient pedigree that people “never have learned anything from history, or acted on principles deduced from it” [20], do we finally recognize and genuinely acknowledge the inhumane barbarism of the ONGOING censorship and tyrannical oppression of unconventional unofficial medicine (such as the abominable repression of vitamin C for Covid-19) by the psychopathic state-medical industrial cartel?

Considering the ancient pedigree that people “never have learned anything from history, or acted on principles deduced from it” [20], do we finally oppose and fight, instead of tolerate and obey –thus, aid– the ruling

Top

emotionally crippled mentally unhinged psychopaths, the world's worst people (pure evil), who have been incessantly operating right in front of the general public's complacent uninterested comatose noses (see aforecited Hegel/Orwell/Curtin quotes) for eons causing monumental crimes against humanity (including the current official Covid-19 crimes against humanity)?

Or I can arrange the same in a non-question format in case the answers to the above questions –or to more specific, myopic, naive Covid-19 coronavirus questions, such as “when will Covid-19 end?” or “when will Covid be over?”– are (still) not self-evident.

“Experience and history teach” [20] that we **KEEP** escaping into, **KEEP** preferring, **KEEP** defending and protecting, the self-defeating –hence, self-destructive– delusions (lies, fantasies, myths, deceptions, fake news, fake science news, fakespeak) fed to us by...

(a) the gaslighting psychopathic technocratic authorities-in-power, and by

(b) their litany of willful accomplices, trolls, and minions [53-55,57,59,61-64,84,94-137,165,172,209], AND by

(c) OURSELVES,

... and thereby remain apathetic, indifferent, and deliberately ignorant about the utterly ugly but factual realities (e.g., **The Holocaustal Covid-19 Coronavirus ScamDemic**) at the hands of the “elite” psychopathic predator class, going on in front of our complacent dormant noses, and as a result we “passively” or “silently”, albeit actively, collaboratively, and complicitly –and, thus, *culpably*– participate in, and contribute to, these unconscionable acts of inhumaneness ourselves.

Because in the end, deliberate ignorance, deliberate indifference, deliberate silence, deliberate complacency, deliberate inertia equal “being part of the problem” –and *not* “being part of the solution” (or soul-ution). They mean betraying and failing humanity. They mean betraying and failing humaneness.

Verbalizations and declarations of purportedly possessing a so-called “state

Top

of higher consciousness” and supposedly “wanting” to create a healthier world are products of the internal mind. Making the world a better place – actually changing the world for the better– *only ever happens by proper external behavior, actions, and practices by the individual and the human aggregate*. Actions and practices, or the lack thereof, are the only genuine “measuring sticks” or arbiters of the past and present brand of human authenticity and essence.

Ergo, I reckon that the first and only credible **practical-empirical** signs or steps of an *authentic* positive human evolution in a “leap of consciousness”, psychological health, courage, ethics, compassion, love, spirituality, and ACTION-BASED true wisdom –if it ever were to happen which is extremely questionable and doubtful in the light of a long “civilized” human history of UNwisdom, delusion, and lunacy– by truth-neglecting, reality-denying, delusion-craving-and-defending, and into fantasy-evading general humankind are expressed and crystallized in the following notations:

*“It takes courage, it takes honor, it takes virtue to face the truth –no matter how dire that truth is. In fact, [...] a hallmark of a **healthy** mind is **an unyielding willingness to face the truth**, no matter how dire that truth is. And that is the only way we have any chance of changing course.” (Dane Wigington, Geoengineering Investigator & Activist, in 2020 [248]) [emphasis added]*

And..

*“You are not free if you are not mentally free. A truly sovereign human has **liberated** their mind from all delusions. Propaganda-generated delusions. Culture-generated delusions. Ego-generated delusions.” (Caitlin Johnstone, Australian Writer, Independent Journalist, And Social Critic, in 2020 [247]) [emphasis added]*

And...

“Resistance entails suffering. [...]. It is not about the pursuit of happiness. It is about the pursuit of freedom. Resistance accepts that even if we fail, there is an inner freedom that comes with defiance, and perhaps this is the only

Top

*freedom, and true happiness, we will ever know. **To resist evil is the highest achievement of human life. It is the supreme act of love.***
 (Chris Hedges, US Journalist, Social Critic, Author, and Pulitzer Prize Winner, in 2017 [²⁴⁹]) [emphasis added]
