Ledger Ace Flyboy

Born: 1970 Grad: U Maryland Year: 1997

James A. Bell was in the Navy as a Flight Officer from 1989 until 1998 and led a 12 person global operations aircrew; he can clearly follow orders and deliver. It appears he switched to domestic economic targets in 2000 after studying as a VP at Piper Jaffray. His first job was SmartPipes, Inc from 2000 to 2002. Serve your country with honor, sir.
