BUILD BUILD BUILD 🛠️ that's all they know fam. Primates in the JNGL 🌿 are beginning to evolve. Realizing they need rest to sustain their efforts; they are in search of a stimulating activity to occupy the void of creative imagination during breaks of building. The fearless leader of the pack, primal, stumbles upon an undiscovered cave deep in the JNGL 🌿 and proceeds to investigate... 🔦

Upon entering the dark, dank cave, deep inside the JNGL 🌿 he curates a spark to ignite his torch 🔥. The leader becomes absolutely dumbfounded the moment his eyeballs were blessed by what had been revealed with the torch. 💡

Images of primates performing miraculous stunts 🛹🚲🛼🛑 had forever embedded into Primal's brain. 🧠 He comes out possessed and immediately gets to building. 🛠️ Thus the first ever skateboard is minted!!! 🛹 A true 1/1 that will forever be increasing in value. 📈

Primal, doing what he does best, abruptly pushing the boundaries of what is possible, instantly develops a burning desire to flex his abilities to his fellow primates in the JNGL 🌿 (hitari, Calix, NFTFee and bullthug) in order to display what is unfathomably possible.

He bombs the gnarliest mountain he can find. It's the steepest and crustiest hill known to primates. The fearless leader makes a statement by pushing down the top of the mountain as fast as he can!!! 🛹💨 his wheels start to wobble and out of no where he catches a pebble 🪨 in the dusty trail that sends him tomahawking 🪓 down the JNGL infested mountain. He can't help but to focus on the trees 🌴 grazing by, and face-plants/scorpions 🦂 right into the stump of the thickest 🍑 tree in the JNGL 🌿 and splits his skull right down the middle 🦴🧠

Degen founder 🧑🏆 hears the "hall of meat" worthy slam from the top of the canopy 🌿 which he was utilizing to scope out his next hunt, and shows zero hesitation to come to the rescue. 🚀 Reluctantly, he is able to patch him up on scene and provide the treatment needed. 🏠 However, all @Primal wanted was something to convey his profound thoughts that he had experienced while tomahawking to his near fatal accident that left him unconscious for nearly 25 minutes. 🦴 Inspired to communicate his findings, he collapses to the dusty JNGL floor and viciously carves 🪓 out what appears to be a protective device for your brain 🛑 in order to reduce the uncertainty of this ever possible tragedy that Primal astonishingly 100% recovered from 📦

The whole JNGL tribe 🌿 instantly realized how remarkably powerful the brain is 🧠 as well as the importance of protecting this invaluable asset. The tribe gets to building, and when they gets it they gets it fam! 🏃💨 Thus the brain bucket is born! 🧠👛 They travel 🗺️ across all realms 🌍 in order to share their inspirational story of the brain bucket and give the brain bucket away to 1 primate at a time to protect the most invaluable asset known to primate and further push the boundaries of what is truly possible. 🚀
