Case to prove invalidity of current State and Federal govt with the goal of resetting our political system back to the valid ie real, Constitution of 1901.

The Supreme Court (Brisbane) accepted my filing for an ex parte hearing on November 3, 2021. <https://commonlaw.earth/supreme-court-filing-november-3/>

What does this mean?

I will be pointing out to the Judge that if he accepts the statements in the Affidavit, Claim, and Statement of Claim filed in the court, Queensland will save Australia from the State Dictatorships currently destroying our country. As a result, Queensland will become a mecca for anyone around the country who is seeking true justice.

Queensland is in a unique position. Our Supreme Court by S 11 Supreme Court of Queensland Act 1991 saves all the laws in force in Queensland, declared in the Supreme Court Act 1867. No other state does this.

Nor have we used S 9 Australia Act 1986, to create a Star Chamber Court staffed by quasi-Priests, whose allegiance is to the State and not the Commonwealth Crown as required by law.

The Queensland Supreme Court is, therefore, able to dispense true justice for the People of the Commonwealth of Australia.

I have posted the full document filed with the court on the Common Law website It makes a very strong case, and I believe that our justice system will be empowered to make the right

decisions, as it is bound to by Clause 5 of the Commonwealth of Australia Constitution Act 1901. Click here to read the full text:

Please share this information with everyone you know. Public opinion will be a big factor in achieving success for this case. And, because it has been filed by an ordinary man, a member of the Commonwealth of Australia who is not a lawyer, I need the support of the people to help make our voice heard in this supreme court of law.

Warm Regards,
