

GISELXFLOREZ Artist in Light @giselflorenz

Exploring interconnected qualities within the space of existence using manual camera techniques & conceptual practice. Drawing upon traditional still & cinematic methods, Gisel uses a digital 4x5 exploring paths of light that have not yet been developed, highlighting the space between the shutter and time within capture. Intersecting her instinct and technical capabilities she is capturing upon earthly circadian rhythms within a sea of algorithmic influence. Based in NY & Williamsburg Brooklyn she is founder of OFF/ON, ICE CREAM GALLERY co-founder WOCA (Women of Crypto Art) advisor to TheVerseVerse, and photography ambassador to KnownOrigin. Gisel leads artistic community initiatives & explores new paths towards autonomy for creatives.
