CROWN COUNCIL of 13 - Empire of 3 Cities

The Committee of 300 list contains exactly 300 members, who are all very powerful people; but there is actually another group of people above this Committee. This special group is known as the Council of 13, which is also known as the Crown Council of 13, and it comes second from the top of the Illuminati pyramid; and this council contains thirteen families.

The important thing about these families is not just their incredible wealth, but also their very long ancestry. The families are considered top of the hierarchy of the global elite and all have ties to each other through marriage as well as blood so that the fortunes of each family are linked both to each other and to the success of the plan to create a New World Order; of which many former U.S. Presidents have mentioned in their speeches – such as George H.W. Bush, George W. Bush and Barrack Obama.

The timing of the meeting of the Council often coincides with the most important elections around the world and the meetings of groups like the Council on Foreign Relations and the Trilateral Commission which are groups founded by and made up of members of the global elite. The council meetings are actually very serious affairs where there are religious obligations that need to be met and events that need to be created in order to take their plan for a New World Order to the next level.

Each of the 13 ruling families is given an area of the Earth and/or a particular function to fulfill on the Earth. These particular functions include global finances, military technology development, mind-control, religion, and media.

The elite here on Earth have established a pyramid structure of control that is identical to the system that exists in the Draco Empire. The pyramid with the reptilian eye, located on the American one-dollar bill, is symbolic of this control structure. The eye is the cap on the

pyramid, thus explaining why the original surface of the Great Pyramid in Egypt was capped in solid gold.

13 MOST POWERFUL FAMILIES ON THE PLANET

According to several websites, Elizabeth II of Queen of England is the 'Supreme Leader' of the Illuminati and the New World Order; but this is not true. The person at the very top of the pyramid comes under the name of 'Pindar'. According to the book Blue Blood, True Blood: Conflict & Creation; the leader of the Earth's Illuminati is called "Pindar"; who is a member of one of the 13 ruling Illuminati families. The book also states that Pindar is always male. Pindar is represented by the gold cap on the pyramid. The next layer, or "eye", on the pyramid represents the 13 ruling families. The title; Pindar, is an abbreviated term for "Pinnacle of the Draco", also known as the "Penis of the Dragon" that represents the top of power, control, as well as creation, penetration, expansion, invasion, and fear. Additionally, the holder of this rank reports to the purebred Reptilian leader of the inner Earth.

There have been reports that the Marquis de Libeaux is the Pindar, but this could be disinformation as more reliable sources have revealed that the true current Pindar is the head of the Rothschild family, and has been for several hundred years.

It has been claimed that 'Pindar' is based in Germany; near Frankfurt. In the late 1970's, he oversaw the sister project to Montauk, called M.A.L.D.A. which is an anagram for Montauk-Alsace-Lorraine Dimensional Activation. This project was located near the city of Strasbourg, France, historically once part of Germany. Interestingly, there is a winery on the east end of Long Island, not far from Montauk Point, called Pindar Vineyards. This wine is growing in popularity, gaining international accolades. This fits nicely into the plan, as this area will be a part of the capital district of the Earth/United Nations in the Empire State. The red wine is symbolic of the blood ingested by the Reptilians. The wine can become sanctified as it did in the Roman Catholic Church, a patsy for the Reptilians. In the Catholic Church, wine replaced the blood in ceremony.

Membership List of The Illuminati – 'Committee of 300'

As we've discussed previously, a secret society named the Illuminati really does exist. And now we now know who the highest ranking members of this elitist cult are. A full list of the ruling elite can be seen below – a source of information that all conspiracy theorists will love, as many have been eager to know who rules the world for a very long time. The Illuminati's top elite consists of exactly 300 people and; as a group, they are called the 'Committee of 300', which is the real world government that control everything from our political leadership and rules, world banks, our very own education system as well as the mainstream media; which they use as a propaganda tool. The following list was provided by Dr. John Coleman; a former Intelligence officer. The list was first published in his book called 'The Conspirators Hierarchy, the Committee of 300'.
