

Cardano 2030: Vision & Mission

Mission

To empower a global ecosystem of builders, businesses, organizations, governments and communities by providing a scalable, secure, and research-based platform that enables the creation of transparent and fair digital economies.

Vision

Cardano is the most **secure**, **reliable** and **censorship-resistant** blockchain for **mission critical applications** to power economies and societies of the future.

Values

- Integrity
- Community
- Security
- Utility
